PACIFIC OCEAN—The Philippine islands.

Samar and Negros—Shoals in the vicinity of Pasig, Makati islands, Point Sungi and Don islands.

The British Admiralty has given notice (No. 283 of 1903) of the following dangers in the vicinity of the undermentioned places off the east coast of Samar island, and the north-east coast of Negros island:—

Samar island—

Pasig island. Shoals extend for a distance of 1½ miles S. 68° E. and half a mile West from this island. Breakers were also seen extending across the channel from Pasig island to Fulin island.

Approximate position, lat. 12° 3′ N., long. 125° 28½′ E.

Makati island. About 2 miles N.E. from this island, during a heavy swell, breakers were observed.

Approximate position, lat. 11° 59½′ N., long. 125° 28′ E.

Point Sungi. Heavy breakers have been observed extending for a distance of 2½ miles S.S.E. from Sungi point.

Approximate position, lat. 10° 52′ N., long. 125° 52′ E.

Depths of 7 to 10 fathoms were obtained between the coasts of Guiuan and Malhon islands, but apparently patches of shoaler water exist.

NEGROS ISLAND—

Don islands. A shoal, with a depth of 2½ fathoms over it, exists 3 miles south of the southernmost of the Don islands, or about 4 miles N. 56° E. from Bokabok island.

Approximate position, lat. 11° 0′ N., long. 123° 37′ E.

The two islands, situated 5 miles N. 20° E. from Bokabok island, are 50 feet high, and covered with vegetation.

CAUTION.—The channel between the Don islands and Bokabok island should be navigated with great caution.

No. 16—5-7, dated Simla, the 24th April 1903.

RESOLUTION—By the Govt. of India, Dept. of Revenue and Agriculture.

THE accompanying Report of the Judging Committee which was appointed for the award of prizes, medals and certificates at the Exhibition of Indian Art Manufactures at Delhi, together with the list of exhibits for which awards were given, is published for general information. The Governor-General in

Revenue Department Resolution No. 50—32-6, dated the 12th December 1902.

Council is pleased to approve the recommendations of the Committee in regard to the grant of medals and money prizes, and the funds required to give effect to their proposals will be placed at the disposal of the Director.

2. The proposals of the Committee in regard to the publication of reproductions of exhibits in the Loan Collection are under consideration.

3. His Excellency in Council desires to recognize the labour involved in the work of adjudging the awards, and to thank the President and Members of the Committee for their valuable assistance so ungrudgingly given.

The Secretary to the Government of Madras.

" Chief Commissioner, Coorg.
" " " Ajmer.
" Honourable the Resident at Hyderabad.
" " " Agent to the Governor-General and Chief Commissioner, North-West Frontier Province.

ORDERED that the Resolution with the Report referred to be published in the *Gazette of India* for general information, and that copies be forwarded to the Local Governments and Administrations marginally noted, to the Assistant Director, Indian Art Exhibition, Delhi, and to all the Members of the Judging Committee, for information.

Ordered also that copies be forwarded to the Finance Department for information.

REPORT OF THE JUDGING COMMITTEE APPOINTED TO AWARD PRIZES, MEDALS AND CERTIFICATES AT THE INDIAN ART EXHIBITION, DELHI.

THE Judging Committee, which was appointed under the orders of the Government of India for the award of the prizes, medals and certificates to be presented to successful exhibitors and craftsman at the Exhibition of Indian Art Manufactures at Delhi, assembled on December 22nd. As the time at the disposal of the Committee was brief, while the number of exhibits in several of the divisions was very large, it was found necessary to appoint Sub-Committees to undertake the preliminary examination of the specimens and to submit for the judgment of the General Committee those articles in each class and division which appeared to be deserving of consideration. The final awards were in every case made by the Committee as a whole.

2. The ordinary medals which have been awarded are of two classes, silver and bronze. Those articles in each division which most nearly approached the standard attained by the exhibits to which medals were awarded were classed as "Commended." In a few of the divisions the artistic standard of none of the exhibits was considered sufficiently high to justify any award. Altogether 83 silver medals and 115 bronze medals were awarded; 110 exhibits were commended. It is the intention of the Committee that each medal should be accompanied by a certificate stating the nature of the award and the article for which it is given. The exhibitors of the articles which have been classed as "Commended" should receive certificates only. The Committee consider that the certificates may suitably be signed jointly by the Director of the Exhibition and the Secretary to the Judging Committee. In addition to the ordinary medals the Committee have awarded 19 gold medals for exhibits or collections of exhibits possessing special artistic merit. Of this number 14 have been provided by the liberality of a few Native Princes and Gentlemen, and the Committee trust that Government will be willing to provide the additional five medals required to make up the total number.

3. A sum of Rs. 4,900 has been subscribed by certain Ruling Chiefs and European and Native gentlemen for distribution as money prizes among the various craftsmen who have submitted exhibits. The Committee would propose that from this fund a sum of Rs. 30 should be given with each silver medal, Rs. 20 with each bronze medal and Rs. 10 with each Commended Certificate. The total amount to be thus awarded will exceed by some Rs. 1,000 the total sum subscribed, but the Committee understand that Government is prepared to make up the additional amount required. The Committee consider that where the artificer is himself the exhibitor he should receive the money in addition to the medal. Where the exhibitor is not himself the actual maker of the article, the medal or certificate should go to the exhibitor and the money be distributed to the actual workman or workmen. The money prize should in such cases be accompanied by a special certificate made out in the name of the workman.

4. In making their awards the Committee confined themselves to a consideration of the exhibits in the main collection, and the exhibits in the jewellers' court and in the loan collection did not come within the scope of their work. But they desire in regard to the

latter to record their opinion that the warmest acknowledgments are due to the Native Princes and others, especially the authorities of the South Kensington Museum, who have so generously placed their art treasures at the disposal of the Director. The Committee trust that it will be found possible to take advantage of this unique opportunity to secure reproductions, by means of coloured plates, of a few of the more beautiful and noteworthy exhibits in the loan collection: such plates could be utilised as models for classes in the Schools of Art, and in this way it may be possible to secure that some permanent benefit may result from this portion of the Exhibition.

5. In conclusion the Committee desire to record their opinion that the highest credit is due to Sir George Watt, the Director, and Mr. Percy Brown, the Assistant Director of the Exhibition, for their indefatigable efforts, which have resulted in so interesting and varied a collection of Indian Art Exhibits.

RESOLUTION ON THE BUDGET ESTIMATE OF THE COMMISSIONERS OF THE PORT OF CALCUTTA FOR THE YEAR 1903-1904.

No. 891 Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 15th May 1903.

RESOLUTION.

READ—

Letter No. 5408, dated the 26th March 1903, from the Vice-Chairman of the Commissioners of the Port of Calcutta, submitting for sanction the budget estimate of the Commissioners for the year 1903-1904.

REVENUE ACCOUNT.

A general summary of the estimates submitted by the Commissioners is given below :—

REVENUE ACCOUNT.

Provision against unforeseen expenditure and alterations chargeable to Revenue ...	45,000	
Interest and Sinking Fund charges	25,73,762	
		75,94,354
Deficit ...	.....	9,86,504
River Dues leviable under section 108 of Calcutta Port Act ...	10,00,000	10,00,000
ESTIMATED SURPLUS ...	.....	13,496

Income.

2. The estimated gross income is, as shown in the above statement, Rs. 76,07,850, and the estimated surplus over expenditure is Rs. 13,496. The estimated gross income, based on the schedules of rates and charges which were in force during the past year, amounted to Rs. 78,35,850, and the surplus to Rs. 2,41,496. Acting on the principle, which has been accepted, that the river-due or toll on goods charged under section 108 of the Act should be maintained at four annas per ton, and the charges for the use of the jetties or other similar charges should be reduced, the Port Commissioners have resolved to reduce the jetty charges during the current year on various items, to reduce the rate on bulk oil at the Petroleum Wharf, to reduce the charges payable for the services of Assistant Harbour Masters, and to reduce the port-dues on ships in ballast from four annas to three annas per ton. The total decrease in the estimated income due to these reductions is Rs. 2,28,000.

The estimated income of the past year was Rs. 75,15,900. There is, therefore, after allowing for the above reductions in charges, an estimated increase in the income of the current year of Rs. 91,950. Comparing the income estimated as available from the various sources as detailed with the similar figures of the previous year, there is little variation to note. The river-due is estimated to yield Rs. 10,00,000 as compared with Rs. 9,15,000.

Expenditure.

3. Excluding the provision made for interest and sinking funds, the expenditure estimated amounts to Rs. 50,20,592 as compared with Rs. 50,09,859, provided in the estimate of the previous year. An abstract comparing the estimates for the two years is given below:—

	1903-1904.	1902-1903.
	Rs.	Rs.
Establishment	19,70,590	19,03,686
Stores	3,57,623	3,94,960
Maintenance and Repairs	8,10,365	9,17,392
Labour	11,55,060	10,88,000
Miscellaneous	6,89,750	6,86,208
Police	61,199	60,848
Unforeseen expenditure	20,000	20,000
Total ...	50,64,596	50,71,094
Deduct—Capital Account ...	44,004	61,235
Balance ...	50,20,592	50,09,859

The increased provision for establishment is due mainly to an expansion of the River Survey Department, and in part to the payment by the Commissioners to the Assistant Harbour Masters of allowances in lieu of fees which they had previously received from the shipping direct.

Capital.

4. The total capital outlay for the year is estimated at Rs. 60,38,150. Of this sum, Rs. 43,62,150 are to be expended on new works, Rs. 4,76,000 on renewals of vessels and of a timber jetty at the docks, while Rs 12,00,000 have to be repaid to the Revenue Reserve Fund, for which this sum was advanced for expenditure in the past year.

The funds to meet this expenditure will be obtained as follows:—

	Rs.
By debenture loan	55,62,150
„ appropriation from the Depreciation Fund	4,26,000
„ „ from surplus revenue of 1902-1903 ...	50,000
Total ...	60,38,150

5. The following are among the more important of the new works which are to be proceeded with :—

	Estimated expenditure during 1903-1904.
	Rs.
Construction of a four-storey shed for import goods ...	3,20,000
Transit shed No. 4	2,50,000
New hydraulic cargo-cranes	1,60,000
Enlargement and improvement of wharf and storage space, including acquisition of land	2,00,000
Improvement of landing-places for ferries	1,00,000
Permanent wall, reclamation, and wharf improvements, north end of Calcutta bank	1,00,000
New timber ponds, roads, etc., Sibpur Sands	1,00,000
Improvement of lines of railway	1,00,000
Acquisition of land	1,38,000
Large dredger for the river	2,00,000
Transit shed and cranes for berth in tidal basin (No. 14 berth)	4,43,000
New site for workshop and riverside berths	8,75,099
Removal of workshop to new site and new machine tools ...	1,00,000
New light draft caisson for 60 feet entrance	1,00,000
Dock junction—Improvement of lines, signalling and interlocking arrangements, running sheds, turn-table, etc.	1,00,000
Steam-tug to assist in moving vessels in the Docks ...	97,490
Warehouses and other facilities for landing and shipping of goods	2,00,000
Construction of Dry Dock No. 2—Allotment for the year	1,70,000

No expenditure on any work the estimated cost of which exceeds Rs. 50,000 should be incurred until the plans and estimates have been sanctioned by proper authority, as required by law.

6. In pursuance of the powers vested in him by section 71 of the Calcutta Port Act, 1890, the Lieutenant-Governor approves the estimate of the income and expenditure of the Commissioners for the year 1903-1904.

By order of the Lieutenant-Governor of Bengal,

RESOLUTION REVIEWING THE ANNUAL RETURNS ON THE WORKING OF THE MEDICAL INSTITUTIONS IN BENGAL FOR THE YEAR 1902.

MUNICIPAL DEPARTMENT—MEDICAL.

Darjeeling, the 16th May 1903.

RESOLUTION—No. 637T.—M.

READ—

The Annual Returns of the Medical Institutions in Bengal for the year 1902 and the notes thereon of the Inspector-General of Civil Hospitals.

Read again—

The Triennial Report on the working of the same Institutions during the years 1899, 1900 and 1901, and the Resolution recorded on it.

THE notes submitted with the returns were recorded by Colonel Hendley before his departure, and have been perused by the Lieutenant-Governor with interest. Some details in which they do not conform to the instructions of the Government of India have been pointed out separately.

2. The Lieutenant-Governor observes with pleasure that substantial progress has been achieved during the past year. Fifty-five new institutions have been opened, and the number of patients, both indoor and outdoor, has risen by considerably over half a million or nearly 13 per cent. The larger attendance is due partly to the unhealthiness of the year, partly to the opening of new dispensaries, and partly to the disappearance of the panic caused by the first serious outbreak of plague. Of more real significance, as indicative of greater confidence in Western methods, is the increase in the number of operations from 193,636 to 212.081, or by over 9 per cent. The institutions which showed the most marked advance were those classed as "Private" and "Railway." the attendance at which respectively went up by 40 and 14 per cent., while the number of operations rose by 52 and 21 per cent.

3. It appears from Statement IV of the returns that the Muhammadans who seek relief at the mufassal dispensaries are quite two-thirds as numerous as the Hindus, although they form so much smaller a proportion of the population. One reason given is that unlicensed Hindu practitioners are numerous everywhere, whereas "*hakims*" are comparatively rare, and, if this explanation is correct, the fact is interesting as illustrating the connection that exists between the number of medical practitioners and attendance at the dispensaries.

4. The complaints most prevalent were as usual malaria, cholera, dysentery and other affections of the digestive system. In the Resolution recorded last year the considerable increase of tuberculous diseases was commented on, and the returns under review again show a slight but general increase, although the cases still form a very small proportion of the whole. The subject has recently been under the consideration of Government in connection with the recommendations of the British Congress on tuberculosis, which have already been partly carried into effect. Plague cases were seldom treated at dispensaries, and do not therefore come under consideration in this review.

5. The financial position of the mufassal institutions has undoubtedly been improved by the dissociation of their finances from those of their controlling authorities, and the Lieutenant-Governor gladly notices an increase of nearly Rs. 61,000, or over 20 per cent., in the subscriptions contributed during the year. Many native gentlemen, however, prefer to give an occasional large donation for a special purpose rather than to make frequent small payments, and the Inspector-General of Civil Hospitals has been requested to bring such gifts to notice in future years. On the other hand, the Lieutenant-Governor regrets to observe that contributions from municipal funds have fallen off. The attention of the Commissioners of the Divisions concerned will be drawn to the matter, as it was not intended that municipalities should pass on their burden in this way to subscribers, and such a course of action on their part is opposed to, and may defeat, the policy which has been laid down.

6. The arrangements adopted for the wider diffusion of medical aid by means of visits paid by dispensary officers to local markets and fairs are reported to have been successful in 13 districts. In Faridpur a floating dispensary or hospital boat was equipped, and regularly visited all *hâts* and villages on the Kumar river, and afforded a large amount of medical relief to the sick poor. This last experiment is especially interesting, and the opinion of the Commissioner of the Division will be asked regarding it.

7. Before closing this review, His Honour desires to place on record his great appreciation of the services rendered by Colonel Hendley. During Colonel Hendley's tenure of office the position and prospects of Civil Hospital Assistants and Civil Assistant Surgeons have been raised and improved, the financial position and administration of most of the medical institutions in Bengal have been placed on a much better footing; and his sympathy with, and knowledge of, the wants and prejudices of the people have enabled him to provide at small cost increased facilities and comforts, especially for female patients, which have rendered the dispensaries throughout the Province more attractive and popular. The great progress achieved by the Department in the five years during which he has presided over it has been greatly due to the energy and ability displayed by him.

By order of the Lieutenant-Governor of Bengal,

L. P. SHARES,

Offg. Secy. to the Govt. of Bengal.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF APRIL 1903.

THE chief feature of weather in April was the almost entire absence of rainfall in East and North Bengal, which is the more striking because of the contrast with the weather that prevailed in East Bengal at the same time last year. The average rainfall in April 1902 was about 20 inches, whereas in the month just past the average fall was only ·7 inch, the normal fall being 4·3 inches. In North Bengal the fall is ·3 inch, *i.e.*, less than 10 per cent. of the normal.

In the western districts showers were more frequent, but Chota Nagpur is the only division where the fall is in excess, 1·33 inches against a normal fall of ·9 inch. In South-West Bengal defect was ·8 inch, in Orissa ·6 inch and in Bihar ·3 inch.

Throughout the month conditions were abnormal, and both pressure and temperature differed largely from the normal. At the beginning of the month, high pressure developed over the Province as compared with the Bay and with Burma, with the result that northerly or north-westerly winds prevailed inland. Exceptionally low temperature for the season slowly became general over the Province and continued until about the 13th.

These conditions of high pressure, north-westerly winds and low temperature are the usual characteristics of anti-cyclonic weather, which is also accompanied by cloudless skies and an entire absence of rainfall. But for several days on which the abovementioned high pressure and northerly winds prevailed in Bengal, numerous showers fell in the western districts. The rainfall extended slowly eastward, and a few light scattered showers occurred in East and North Bengal between the 9th and 11th.

From the 4th to the 11th showers were of daily occurrence in Chota Nagpur and the adjacent part of South-West Bengal, viz., the Burdwan, Birbhum and Bankura districts. Scattered showers also fell on the 4th in the Patna, Gaya and Shahabad districts. On the 8th they became more general in the central districts, and they entirely ceased on the 11th.

The cause of the rainfall on the 4th is not apparent. On the 3rd pressure was in excess in Bengal by amounts varying from ·1 inch in the south to ·15 inch in Bihar and winds were northerly at all inland stations. On the 4th after a further rise of pressure greatest in Chota Nagpur, excess ranged up to ·2 inch in the west of Bihar. The only indication of relative low pressure was in excess not being so large in Chota Nagpur on the 3rd as in Bihar or in Central Bengal. This had disappeared on the 4th, and there was practically no change in the general weather conditions on the 5th and 6th, but still the showers continued.

On the 7th a rapid fall of pressure occurred in the western districts and a depression moved eastward over the Province. With the eastward movement of the depression the showers, which had up to that time been confined to the west, became more general. But they were in all cases light, except on the 9th, when falls of between 1 and 2 inches were recorded at a number of stations in South-West Bengal. On the 9th and 10th pressure was again rising in Bengal; but as the rise was larger in the east than the west, the area of lowest pressure was in Bihar. A fall began in the east on the 11th and appeared to advance westward. As this fall was general over the Province until the 13th, the pressure distribution became very nearly normal.

These changes, occurring between the 9th and 13th, brought to a close the period of showery weather which continued up to the 11th. They appear to have commenced in the east and passed westward. With the change which was then in progress the general weather conditions underwent a very marked reversal. By the 14th temperature had become practically normal, on the 15th it was above the normal at nearly all inland stations, and during the greater part of the latter half of the month hot-weather conditions of increasing intensity prevailed.

A second fall of pressure began in the east on the 15th, and moving westward was general over Bengal on the 16th. Pressure was then lowest in Bihar and steadily diminished towards the south of the Bay; that is, the distribution was normal, except for a small defect in Assam and the adjacent part of Bengal Proper. Some rise took place on the two days following, and it was not till the 19th that the low pressure area developed over Bengal and caused the excessive heat of the last week of April. From the 21st until the end of the month only small pressure oscillations occurred, readings were steadily below the normal by amounts increasing towards the north and westerly winds generally prevailed.

Owing apparently to the rapid fall of pressure on the 20th, fairly general showers fell in Bengal Proper on the 21st, but there was no rain in the western districts, and the disturbance ceased very quickly, as practically the only rainfall after the 21st was in the Darjeeling Hills.

The general weather conditions during the first-half of the month were, high pressure with northerly winds and low temperature. During the latter half low pressure, westerly winds and high temperature, with an abnormal absence of rainfall in East Bengal.

Pressure as stated above was high over the whole Province during the first-half of the month and low during the latter half. Consequently the mean pressure for the month differs from the normal by only small amounts; but as the early excess was larger than the later defect the mean difference from the normal is on the positive side, except in Assam and the adjacent part of North Bengal, where there was a slight defect. The greatest mean excess was ·03 inch in the western districts.

Temperature was unusually low for the season in the early part of the month, and equally high with reference to the normal during the later part. As the day readings were relatively lowest in the western districts while the cool weather lasted, and were highest in the east of the Province in the period of greatest heat, the mean difference from the normal in maximum temperature for the month varies from excess of 4° in North Bengal to defect of 2° in Chota Nagpur and Orissa. Mean minimum temperature was practically normal.

Mean excess was 2° in North Bengal, 1°·5 in East Bengal, 1° in South-West Bengal and Assam and about half a degree in Bihar and Orissa. In Chota Nagpur, probably owing to the exceptional weather prevailing there in the first two weeks, there was defect of nearly 1°.

The total range of temperature for the month was much larger than usual in the northern districts. The lowest minimum temperature in Bihar was 51°·5 and the highest 110°·7, giving a range of 59°. In North Bengal the range was 55° and in Chota Nagpur 51°. The highest maximum readings were 112°·5 at Cuttack on the 28th, 113°·2 at Purulia, 112°·9 at Bankura, 112°·4 at Midnapore, 112°·3 at Burdwan and Berhampore, 111°·9 at Chaibassa and 111°·3 at Raniganj on the 29th.

Rainfall was fairly general in Chota Nagpur and the adjacent parts of South-West Bengal and South Bihar between the 4th and 7th. Between the latter date and the 11th showers became more general in the western half of the Province, and a few light scattered falls occurred in the eastern districts. From the 11th to the end of the month there was practically no rain, except on the 21st, when numerous showers fell in the east, but did not extend to the western districts. During the latter half of the month rainfall was exceptionally light for the season in East Bengal. For the month as a whole less than 10 per cent. of the normal fell in North Bengal, about 17 per cent. in East Bengal and in the other divisions about 50 per cent, except in Chota Nagpur, where there was a moderate excess.

In Assam rainfall was not in such marked defect as in the eastern parts of the Province, and in the extreme east as shown by Sibsagar, there was a considerable excess. Dhubri received no rain during the month, Tezpur and Kamrup between 3 and 4 inches, the normal being 6, Dibrugarh 7·6 inches and Sibsagar 12·5 inches, the normals for the last two places being just under 10 inches. The fall at Silchar was 11 inches, or 2·7 inches less than the normal.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the month of April 1903:—

* Of this, 27,413 acres represent provisional lease.
† Exclusively for provisional lease.

(a) The decrease of 480 acres compared with the leases in force to end of the previous month is due to the cancelling of so many acres under long lease.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 80, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

t, thunder; ⚡ lightning, ⚡ strong wind; p, passing temporary showers, d, drizzling rain.

* The anemograph being under repair wind velocities on any day are recorded from the Standard anemometer from 8 A.M. of the preceding day to 8 A.M. of that day.

† The anemograph is under repair.

(a) The passenger traffic during this week generally travelled shorter leads than in the corresponding period. The opening of the Ghaspur Ballia chord may to some extent account for the small increase in the amount as the distance and charges between Tirhut and some of the G. G.-D. stations have been considerably reduced thereby.
(b) About Rs. 10,000 of the reduction in goods is due to Link proportion of traffic in 1902, having been adjusted in June instead of weekly as in current period 2,000 is on railway material and the residue on ordinary traffic. Foreign traffic shows a considerable decrease, but local an almost corresponding increase.
(c) Under "other earnings," steam boats decreased by Rs 6,000 and sundries by about Rs. 2,000 owing to the abolition of Tursipur Ferry.
(d) Includes 3,784 miles of ballast trains run on open line.
(e) " audited figures up to week ending 31st March 1903.
(f) " 3,966 miles of ballast trains run on open line.

Conditions.

1. This license is given subject to the provisions of the Indian Explosives Act, 1884 (IV of 1884), and the rules thereunder.

2. The whole vessel, barge, or craft, in or on board which explosive is stored shall be deemed to constitute the magazine.

3. The magazine shall be used only for the keeping of such explosives as may be specified in the license, and receptacles for, or tools or implements for work connected with the keeping of such explosives.

4. The interior of the magazine, and the benches, shelves, and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel in such manner, and the detaching of any grit, iron, steel, or similar substance in such manner as to come into contact with the explosive in such magazine, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean.

5. The magazine shall have attached thereto a sufficient lightning conductor, which shall be tested previous to the storage of explosives.

6. Charcoal, whether ground or otherwise, and oiled cotton, oiled rags and oiled waste, and any article whatever liable to spontaneous ignition, shall not be taken into the magazine.

7. Before repairs are done to or in any part of such magazine, it shall, so far as practicable, be cleaned by the removal of all explosives, and by a thorough washing out. After being so cleaned it shall not be deemed a magazine until explosives are again taken into it.

8. There shall be constantly kept in the magazine, affixed in such manner as to be easily read, a copy of the license, and of any special rules that may be issued from time to time for the keeping of explosives in a floating magazine.

9. All tools and implements used in any repairs to or in any part of the magazine, shall be made only of wood or copper or brass or some soft metal or material, or shall be covered with some safe and suitable material.

10. No fires, lights, lucifer matches, or any substance or article likely to cause explosion or fire shall be permitted to be at any time in the magazine.

11. Due provision shall be made by the use of suitable working clothes, without pockets, suitable shoes, searching and otherwise, or by some of such means for preventing the introduction into the magazine of fire, lucifer matches or any substance or article likely to cause explosion or fire, and for preventing the introduction of any iron, steel, or grit into any part of the magazine, where it would be likely to come into contact with explosive, and in any part of the magazine in which any explosive is kept which is liable to be dangerously affected by water, due precautions shall be taken to exclude water from such part; but this condition shall not prevent the introduction of an artificial light of such construction, position, or character, as not to cause any danger of fire or explosion: and

so much of this condition as relates to the exclusion of iron, steel, or grit shall not be obligatory in the case of a magazine in which no explosive other than explosives of the 1st Division of the 6th (Ammunition) class is kept.

12. No person shall smoke in any part of the magazine.

13. (*1*) The licensee shall not employ any vessel, barge or craft to carry an explosive to or from the magazine unless the cabin, hold or other part of the vessel, barge or craft in which the explosive is or is to be carried—

(*a*) is constructed without any exposed iron or steel in the interior thereof,

(*b*) contains only explosives, and

(*c*) is closed or otherwise properly covered over;

Provided that clause (*a*) shall not apply in the case of any vessel, barge or craft which carries no explosive other than explosives of the 1st Division of the 6th (Ammunition) class, or which is specially exempted by an order of the Chief Inspector of Explosives or by an order of the Local Government endorsed on this license.

(2) The licensee shall see that the explosives to be placed on any vessel, barge or craft so employed are loaded, carried and unloaded with all due diligence and with such precautions and in such manner as will sufficiently guard against any accidental ignition.

14. The licensee shall see—

(*a*) that no fire, unprotected light or smoking is allowed while any explosive [other than explosives of the 1st Division of the 6th (Ammunition) class] is being received or delivered, or while the hatches or door of the magazine, or the hatches or coverings of any vessel, barge or craft alongside containing any such explosive, are open, and

(*b*) that no receipt or delivery of explosives is carried on, and the hatches or door of the magazine are or is kept closed, when any vessel, barge or craft having on board a fire (other than engine-fires properly banked up) or an unprotected light is alongside a magazine containing an explosive of the 1st Division of the 6th (Ammunition) class, or in its immediate vicinity.

15. A person under the age of sixteen years shall not be employed in or enter the magazine, except in the presence and under the supervision of some grown-up person.

16. In the case of the magazine being approachable at low water by carriages, the words "vessel, barge, or craft" shall in Nos. 12 and 13 of these conditions be taken to include carriage.

17. Two or more descriptions of explosives which may lawfully be possessed in a licensed magazine, may be possessed in the same magazine, if they are separated from each other by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in one compartment from extending to another compartment, subject to the following qualifications:—

(*a*) the various explosives of Classes 1 (Gunpowder), 2 (Nitrate-mixture), 3 (Nitro-compound), and 4 (Chlorate-mixture), safety fuze belonging to the 1st Division of Class 6 (Ammunition), and such of the various explosives of the 2nd Division of Class 6 (Ammunition) as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space,

(*b*) the various explosives of the 1st Division of Class 6 (Ammunition), may be kept with each other without any intervening partition or space,

(*c*) such of the various explosives of the 2nd Division of Class 6 (Ammunition) as contain any exposed iron or steel, may be kept with each other without any intervening partition or space,

(*d*) the various explosives of the 3rd Division of Class 6 (Ammunition), may be kept with each other without any intervening partition or space,

(*e*) the various explosives of Class 7 (Fire-work), may be kept with each other without any intervening partition or space.

Save as aforesaid, two or more descriptions of explosive shall not be kept in the same magazine.

EDUCATION DEPARTMENT, BENGAL.

CHITTAGONG DIVISION.

Rules for the admission of Private Students to the University examination of 1904.

I.—ENTRANCE EXAMINATION.

1. A student who does not appear from any school, or who has been transferred since the 1st of September next preceding the examination, without the consent of an Inspector of Schools, to the school from which he appears, will be treated as a private student.

2. The term "private student" includes school-masters.

3. Private students are requried to attend the test-examination of one of the undermentioned high schools, on dates to be fixed by the head-masters:—

(1) Comilla Zilla School.
(2) Brahmanbaria Annada High School.
(3) Chandpur High School.
(4) Noakhali Zilla School.
(5) Feni High School.
(6) Chittagong Collegiate School (with the Principal's permission).
(7) Chittagong Madrasa.
(8) Chittagong Municipal High School.
(9) Rangamati Government High School.

4. Applications for permission to appear at the test-examination should be made to the Inspector of Schools, and they must reach his office on or before the 15th November 1903.

5. Every private candidate shall state in his application whether he is an ordinary private candidate or a school-master, his age, residence and father's name, the school at which he desires to appear for the test-examination and his postal address, which should be written legibly and distinctly, so that no mistake may be likely to occur.

6. A private candidate who is not a school-master should file with his application the Transfer Certificate (in original) granted him from the school in which he last studied; or, if he failed at a previous Entrance examination and did not join a school afterwards, the Registrar's receipt (in original) for the fee paid; or he will furnish satisfactory proof that he has not failed at the test-examination of any Entrance school in the current session, and that he is of good moral character.

7. A school-master will have to file with his application a certificate from the Secretary or Proprietor of the school in which he is serving to the effect that he has been a *bond-fide* paid teacher of the school not later than since the 7th June 1903. In case he has served in more than one school, he must produce certificates from the several schools of his having been a *bond-fide* paid teacher all along since the 7th June 1903.

8. If this office is satisfied that the necessary conditions have been fulfilled, the permission asked for will be granted and sent to the applicant, who must produce it before the head-master of the school at which he desires to appear for the test-examination.

9. A private candidate should be identified to the satisfaction of the officer conducting the test-examination.

10. Each private student will pay a fee of Rs. 2 to the head-master of the school at which he appears for the test-examination. The fee is intended to meet the cost of the examination and charges for postage, &c.

11. The head-master of each of the abovenamed schools is requested to direct the private candidates who may pass at the test-examination from his school to appear before him on a fixed date, which should not be later than the 2nd January, and cause them to fill in the forms of application for admission to the Entrance examination in his presence. He will then sign the certificates appended to the applications, and forward them to this office (in a registered cover, if sent by post) for countersignature. Under no circumstances should the entrance fee be sent to this office.

12. After countersignature the applications will be sent by the Inspector direct to the candidates, who must make their own arrangements for the transmission of their applications and fees to the Registrar of the Calcutta University, so as to be received at his office on or before the 25th January 1904.

13. The Entrance examination will be held on the 7th March 1904 and following days.

II.—F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bond-fide* masters of English schools, who have served as such for the full period of two academical years after passing the Entrance, will be admitted to the F.A. examination; and those who have served for the same period after passing the F.A. will be admitted to the B.A. examination. Candidates who have failed in the F.A. or B.A. examination may be admitted to the same examination if they have served for a term of six months since the date of the last examination.

2. By *bond-fide* masters of English schools are to be understood teachers who hold regularly-paid appointments in recognised English schools teaching at least the Middle English course.

3. All applications from school-masters to the Inspector for permission to appear at the F.A. or B.A. examination should be accompanied by certificates of length of service (with dates) from the Secretaries of the schools in which they are employed, and should reach this office not later than the 9th January 1904.

4. The application of a school-master for admission to the F.A. or B.A. examination should be signed by him in the presence of the Secretary or a member of the Managing Committee of the school in which he is employed It should then be forwarded to the Inspector for his signature, accompanied by (1) a certificate from the Secretary or a member of the Managing Committee to the effect that it has been signed by the candidate in his presence; (2) the University certificate of the candidate in proof of his having passed the Entrance or F.A. examination, as the case may be; and (3) the Registrar's receipt to prove, if this be the case, that the candidate has appeared at the examination of any previous year. The B A. candidates should also send in their Entrance pass certificates.

5. After signature by the Inspector, the application, together with the documents that accompanied it, will be returned to the candidate, who will have to send the application and the examination fee to the Registrar of the Calcutta University, so as to reach his office on or before the 5th February 1904.

6. The F A. and B.A. examinations will be held on the 21st March 1904 and following days.

KUMUD BANDHU BOSE,
Offg. Inspector of Schools, Chittagong Division.

CHITTAGONG,
The 4th May 1903.

GATE HOUSE,
20th May, 1903.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday the 6th and 7th July 1903, at 10-30 A.M., both days.

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) the whole	60	30
Book-keeping (*b*) mercantile	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth, not required, if the candidate is already in permament Governmnt employ).

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College not later than 30 days previous to the examination; the application to be accompanied by the fee of Rupees Ten.

APPOINTMENTS.

MEDICAL DEPARTMENT.

No. 427.—The Governor-General in Council is pleased to publish the following rules under which certificates of age and nationality will be issued to natives of India who are candidates for the examinations for the Indian Medical Service held in England:—

General Rules applicable to all Candidates.

1. A candidate for admission to compete in England for the Indian Medical Service is required before leaving India to obtain a certificate of age and nationality, signed, should he be a resident in British India, by the Secretary to Government of the Province for the

Commissioner of the Division within which his family resides; or, should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.

Note.—In the case of a candidate who has proceeded to England without obtaining a certificate, the certificate may be granted to his father or guardian, provided that the latter produces the requisite evidence, and, when making the application, states when the candidate went to England and where he has been residing during his stay in that country.

II. In order to obtain a certificate, a candidate is required, if resident in British India, to prove the date and place of his birth before the Magistrate of the district in which his family resides, or, if resident in a Native State, before the Political Officer of the State in which his family resides.

III. A candidate must, if resident in British India, signify to the Secretary to Government of the Province or the Commissioner of the Division in which his family resides, his desire to compete not less than three months before the date on which he proposes to go to England. If resident within a Native State, he must signify his desire in like manner to the highest Political Officer accredited to the State within which his family resides.

The officer to whom the application is made shall forward it for the purpose of enquiry to the Magistrate of the district or Political Officer of the State in which the applicant's family resides.

IV. The Magistrate or Political Officer to whom such application has been forwarded shall call upon the candidate to appear and give evidence of the date and place of his birth and of his nationality within one month. He will carefully examine into the value of the evidence given and forward a summary of it with certified copies of all documents tendered and his comments and opinion to the officer who forwarded the application to him for enquiry.

V. The documentary evidence which a candidate may be expected to produce comprises—

(*a*) The horoscope.

(*b*) Family books.

(*c*) Tradesmen's account books showing entries relating to birth.

(*d*) The record of admission in the registers of the school in which the candidate was educated, and the record of the candidate's age at various periodical school examinations.

(*e*) If the candidate is matriculated, a certified copy of his application to the Registrar.

Oral testimony of persons acquainted with the candidate's family or otherwise able to give relevant evidence will also be taken; and the candidate is required to comply to the best of his power with any requisition the Magistrate or Political Officer, as the case may be, may make in order to clear up any doubt as to the purport of the documentary proof.

VI. Any declaration of age made after the application of these rules on the occasion of seeking admission to any university examination, educational institution, or Government office, or otherwise recorded in a formal and deliberate manner, will be taken as conclusive evidence in disproof of the subsequent assertion by the same person that he is of different age to that so declared or recorded.

Rules to apply to Candidates born in His Majesty's Dominions.

VII. If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, shall be satisfied by the papers submitted that the candidate has stated the date and place of his birth correctly, he will issue a certificate declaring that the candidate has submitted the proofs of his birth to the Magistrate of the district or the Political Officer of the State, as the case may be, and has satisfied him that he was actually born on or about the date stated by him, viz., the day of 19 , at , a place within His Majesty's Dominions. The nature of the evidence produced by the candidate must be stated in the certificate, which shall be given in the following form:—

I hereby certify that , who is a candidate for the Indian Medical Service, has submitted the proofs of his birth detailed below, and has satisfactorily shown that he was actually born on or about the date stated, viz., the day of 19 , at , a place within His Majesty's Dominions

(Here enter details.)

* * * * * *

VIII. If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be finds reason to disbelieve that the candidate was born on the day or at the place asserted by him, the certificate will be refused, and the candidate will be unable to obtain admission to the competitive examination for the Indian Medical Service.

IX. Where the date and place of the birth have been formally registered in a register kept by any public officer in British India, an extract from the register, duly certified by the proper official, shall be accepted as sufficient proof of the date and place of the birth.

Rules to apply to Candidates not born within His Majesty's Dominions.

X. In addition to the particulars required by Rule II. a candidate not born in His Majesty's Dominions must also prove that he is the son or grandson of a person born in those dominions.

XI. If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, shall be satisfied by the papers submitted that the candidate has stated the date and place of his birth correctly, and has established the fact that, though born without the limits of His Majesty's Dominions, he is the son or grandson of a person born in those dominions, he will issue a certificate in the following form, stating the nature of the evidence produced regarding the candidate's birth:—

I hereby certify that , who is a candidate for the Indian Medical Service, has submitted the proofs of his birth detailed below, and has satisfactorily shown that he was actually born on or about the date stated, viz, the day of 19 , and that he was born at a place without his Majesty's Dominions, but that he is the $\frac{\text{son}}{\text{grandson}}$ of a person born in those dominions.

(Here enter details)

* * * * * * *

XII. If the Secretary to Government, Commissioner of a Division, or the highest Political Officer accredited to the State, as the case may be, finds reason to doubt that the candidate was born on the day asserted by him, or that he is the son or grandson of a person born in His Majesty's Dominions, the certificate will be refused, and the candidate will be unable to obtain admission to the competitive examination for the Indian Medical Service.

J. G CUMMING, Collector of Patna.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Hooghly, will be put up to sale at the office of the Collector of Hooghly on the 26th day of June 1903, corresponding with 11th Ashar 1310 (B.S.).

The purchaser will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

W. A. MARR, Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Bengal-Nagpur Railway, in the district of Cuttack, will be put up to sale at 12 o'clock on Monday, the 20th July 1903, corresponding to the 5th day of Sraban 1310 at the Court-house of the Collector of Cuttack.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

Alipore, the 26th May 1903.

R. C. GHOSE, Deputy Collector, *for* Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Eastern Bengal State Railway, in the district of Rangpur, will be put up to sale at 11 o'clock on 13th day of July 1903, corresponding to the 28th Assar 1310 Fusli, at the Rangpur Station.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than three feet from its foundation.

2nd—If the amount of purchase-money does not exceed Rs 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the District Collector of the orders of the Board confirming the sales.

6th.—The lands will be offered first to the zamindars from whom they were acquired on payment of compensation given.

Rangpur Collectorate, the 23rd May 1903.

G. C. DUTT, *for* Collector.

Notice of Lease of Waste Lands in the Sundarbans, under Rule 19, Section II of the Waste Lands Manual, 1898.

NOTICE is hereby given that the lease of the land specified in the schedule hereto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sundarbans, has been applied for by Shumsher Khan Chowdhury, and will be sold at 12 o'clock noon on the 31st of August 1903, Monday, at the Sundarbans Commissioner's office at Alipore, unless meantime the sale is stopped or postponed in consequence of claims or objection under Act XXIII of 1863 (to provide for the adjudication of claims to waste lands), or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the Rules for the Sale of Leases of Waste Lands in the Sundarbans of the 24-Parganas, Khulna, and Backergunge, dated 12th November 1879.

Conditions.

That the land shall be subject to all existing rights of way and water and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to the public, as also the use of a tow-path not less than 25 feet in width on each side of every such stream and channel.

That no charge will be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances, or which may be used on the land; but for wood and timber exported for sale a duty shall be levied at such rate and in such manner as may, from time to time, be prescribed by Government.

That the Government reserves to itself the right to all minerals on the land, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals. It also retains its proprietary right in the land, and only confers on the lessee an occupancy right, which shall be hereditary and transferable.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Malda will be put up to sale at the Malda Collectorate on the 26th June 1903, corresponding with 11th Ashar 1310.

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estates will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale will be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

NOTICES TO MARINERS.

GOVERNMENT OF BENGAL—MARINE DEPARTMENT.

NOTICE TO MARINERS—No. 160.

[First Publication.]

AUSTRALIA—Pioneer River.

Mackay—Alterations to entrance.

The Portmaster, Brisbane, has given notice (No. 4 of 1903) that heavy floods have caused changes on the bar of the Pioneer River, and that the line of deepest water has moved considerably south of its former position.

The following marks will take a vessel through the deepest water, viz.—

The extremity of the North Entrance Wall, or a beacon near to, in line with the Flagstaff at Fisherman Point, bearing about N. W. ½ N. By night this line will be marked by a red light and a white light. Leading beacons at the points indicated are being erected, and buoys will also be placed to define the limits of the deep water.

Directions.—Vessels will approach the bar, keeping the north extremity of Round Top Islet in line with the south extremity of Flat Top Islet, bearing S. 84° E., until the abovenamed marks come in line bearing N. W. ½ N. Keep them in line until near the North Entrance Wall, when the old marks bearing W. by N. ½ N. come in line; keep them so and continue as hitherto.

CHINA, EAST COAST—YANG TSE KIANG.

Wusung bar—New channel over bar—Alteration in lights and buoys.

THE British Admiralty has given notice (No. 301 of 1903) of the existence of a new channel, with a depth of 12½ feet in it at low-water springs, over the outer Wusung bar.

Also, that in order to mark the new channel, the following alterations have been made in the lights:—

(*a*) The outer bar light-vessel, exhibiting a *red* and a *white fixed* light, has been moved to the southern side of the new channel, or about $1\frac{4}{10}$ cables S. 24° W. from her former position, and from her Wusung light-house now bears S. 80° W., distant 11½ cables.

(*b*) Wusung light has been altered to show *white fixed*, the red and green sectors being discontinued.

Approximate position, lat. 31° 23′ N., long. 121° 30′ E.

(*c*) The Wusung spit buoy (black and red vertical stripes), about one mile north-eastward from Wusung light, has been withdrawn.

(*d*) The Fort buoy has been moved S. 79° E. $2\frac{6}{10}$ cables, and is now moored in a depth of 16 feet, low-water springs, with Wusung light, bearing S. 86° W., distant $5\frac{6}{10}$ cables. This buoy marks the southern side of the inner entrance to the new channel.

DIRECTIONS.—To obtain the deepest water in crossing the bar from seaward, vessels should pass about half a cable northward of the Outer bar light-vessel and steer S. 82° W. for the Fort buoy.

(*Variation 2° Westerly in 1903.*)

A new edition of Chart No. 1601 will be issued.

This Notice affects the following Admiralty Charts:—Approaches to the Yang tse, No. 1602; Wusung river, No. 1601: Also List of Lights, part VI, 1903, Nos. 745, 746; and China Sea Directory, vol. III, 1894, page 429.

FINAL FORECAST OF THE OILSEED CROPS OF BENGAL, 1902-1903.

THE following note is published for general information.

The 19th May 1903.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

FINAL FORECAST OF THE OILSEED CROPS OF BENGAL, 1902-1903.

Explanatory.—This forecast furnishes the final estimates of the area and outturn of all the various kinds of oilseeds, both *bhadoi* and *rabi*, grown in these Provinces.

Over one-half of the total area under oilseeds is devoted to rape and mustard, which are largely grown in the Rajshahi Division, and in the districts of Dacca, Mymensingh, the Santhal Parganas, Purnea, and Hazáribagh. Linseed occupies about one fifth of the total area under oilseeds,

and is chiefly grown in the districts of Darbhanga, Saran, Champaran, Gaya, and Nadia. *Til* or sesamum is mostly grown in Jessore, Bogra, Pabna, Dacca, Mymensingh, Backergunge, and Tippera districts of East Bengal, and in the districts of Midnapore, Gaya, Angul, and Hazaribagh.

2. *Character of the season.*—The monsoon rains were generally plentiful, but terminated abruptly in September. In that month there was good rain in Bihar and Chota Nagpur; in Northern Bengal the fall was greatly in excess of the normal, while elsewhere it was, on the whole, slightly in defect. October was unusually dry, and the following two months were marked by an almost total absence of rain throughout these Provinces. The drought continued through January in Bihar and East Bengal, while outside that area there were seasonable showers in all the chief oilseed-growing districts except Murshidabad. There was general but scanty rain almost all over the Province during February, which slightly benefited these crops. There was, however, very little rain during the past two months, except in a few districts of East Bengal, and on the whole the season has not been favourable to the oilseed crops.

3. *Area sown.*—The total normal area under the various oilseed crops in the Province now stands, as will be seen from Appendix I of this forecast, at 3,844,300 acres. The area cropped in the current year is estimated at 3,637,000 acres, against 3,610,400 acres of the past year. The decrease is due to the drought at the latter part of the sowing season.

4. *Character of the crop.*—The district returns, summarised in Appendix I, show that of the 45 districts in the Province, only 4 (Birbhum, 24-Parganas, Rajshahi, and Darjeeling) report a crop of 100 per cent. or over; in ten the estimate varies between 90 and 99 per cent.; in eleven the crop is estimated at between 80 and 89 per cent., and in twelve others between 70 and 79 per cent. The outturn in the remaining districts varies between 50 and 65 per cent. of a normal crop. According to the district estimates, the outturn for the Province as a whole amounts to 81 per cent. of an average crop, but many of the district returns appear to be unduly pessimistic, and I am inclined to think that the average outturn for the Province as a whole will not fall below 85 per cent. of the normal.

5. *Gross outturn.*—Taking six maunds per acre to be the normal rate of outturn for linseed and rape and mustard, and 4¼ maunds per acre for other oilseeds, the gross yield of all the oilseed crops of these Provinces during 1902-1903 amounts to 606,700 tons, against 596,100 tons produced in the preceding year.

	Pabna ...	1,176,000	880,000	Linseed ...	7,000	6,300	7,000	100	100	(1) The normal areas of linseed and rape have been revised as it has been known that all of both kinds is more extensively grown in the cold subdivision than was shown in the previous reports, and as the figures for linseed shown in the previous returns in column 6 appear to be too high. (2) The figures of columns 7 have been proportionately reduced. (3) Owing to excessive rainfall in the sowing season, there was water in the lowlands and this has reduced the area under linseed. (4) In the Sirajganj subdivision the cultivation of sann-hemp has caused a decrease in the area of rape and mustard. (5) The decrease in the outturn of mustard is due to late sowing.

FINAL FORECAST OF THE WHEAT CROP OF BENGAL, 1902-1903.

THE following note is published for general information.

A. EARLE,
Offg. Secy. to the Govt. of Bengal.

The 19th May 1903.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

FINAL FORECAST OF THE WHEAT CROP OF BENGAL, 1902-1903.

Preliminary.—Wheat is chiefly grown in Bihar and in the districts of Nadia, Murshidabad, Rajshahi, and Rangpur.

2. *Character of the season.*—The rainfall in September was general and plentiful in all the wheat districts of the Province, but it was seriously deficient everywhere in October, there being practically no rain in that month in South Bihar and Chota Nagpur. The fall in the subsequent months was markedly deficient in Bihar, and in a lesser degree in the districts outside that area. On the whole the season was unfavourable to the wheat crop of the Province.

3. *Area sown.*—The normal area under wheat in these Provinces is at present estimated at 1,507,400 acres, while the area planted this year is returned at 1,445,900 acres only, the contraction in area being due to the drought in October and November.

4. *Character of the crop.*—From the summary of the district returns given in Appendix I, it will be seen that out of the 16 chief wheat-growing districts in the Province, only Gaya reports an average outturn; in eight districts the outturn varies between 90 and 96 per cent.; while in three it varies between 80 and 89 per cent. Champaran reports 75 per cent. of the normal, Rangpur 64; while Nadia and Murshidabad, with 55 and 54 per cent. respectively show the poorest outturn of all. Since the publication of the preliminary forecast on 4th February last, prospects have deteriorated owing to the absence of rain. The estimated outturn has been reduced in 6 out of these 16 districts and slightly increased in 5 only. Champaran has reduced its estimate from 100 to 75 per cent., and Murshidabad from 79 to 54 per cent. of a normal outturn. The Provincial outturn, according to the present estimate of the District Officers, amounts to 86 per cent. of a normal crop instead of 89 per cent., the preliminary estimate. The deterioration, however, appears to have been exaggerated in some cases, more especially in the districts of Lower Bengal, and I

estimate the Provincial outturn at 90 per cent. of an average crop.

5. *Gross outturn.*—According to the estimates of the District Officers, the gross yield of wheat in the Province will, this year, amount to 501,000 tons, as compared with 391,500 tons of the past year.

6. *Food-stocks and the prices of food-grains.*—The harvests of the year were generally a little below the normal; but as the export to other Provinces of India contracted on account of better harvests in those parts, prices generally ruled slightly easier during the year under report. The cultivators in many districts have not yet been able to replenish their food-stocks, which were greatly depleted by export to famine districts in the preceding three years. The stock-in-hand, however, though not plentiful, is sufficient for the requirements of the Province.

7. *Exports of wheat to Calcutta.*—From the statistics of the wheat trade quoted in the margin, it will be noticed that there was during the year under report a considerable decrease of imports of wheat into Calcutta from Bengal and Bihar. This is probably due to the good crop in other Provinces of India and to the demand from those Provinces having come down to its normal level. As was to be expected, the good harvests all over India stimulated the export by sea during the year.

Imports of wheat into Calcutta from the calendar year 1891 to 1901.

RESOLUTION ON THE ADMINISTRATION REPORT OF THE JAIL DEPARTMENT FOR THE YEAR 1902.

No. 428P.—D.

JAILS.

Dated Darjeeling, the 21st May 1903.

RESOLUTION.

READ—

The Report on the Administration of the Jail Department for the year 1902.

Read also—

The Reports for the years 1900 and 1901 and the Resolutions of Government recorded thereon.

Mr. W. Leonard was in charge of the Jail Department from the 1st of January to the 12th of February 1902, when Lieutenant-Colonel E. Mair resumed charge on his return from furlough and continued in office till his retirement on the 3rd of July. Major W. J. Buchanan was in charge from that date till the end of the year, and has submitted the Report for the year.

2. The most salient facts in the record of the administration of the Department during the year 1902 are, first, the increase in the jail population and the consequent overcrowding in some of the jails, and secondly, the nevertheless diminished death-rate.

Taking first the subject of the jail mortality, the Lieutenant-Governor notes that the death-rate of 25·4 per mille is the lowest recorded during the last ten years, with the exception of the years 1898 and 1899. The death-rate for the whole population of Bengal in 1902 was 33·43 per mille. The proportion of deaths per thousand among prisoners in jails was thus less by one-fourth than that of the whole population. Considering that a large proportion of the jail population must always be drawn from those classes whose vitality is considerably below the normal standard, the Lieutenant-Governor is of opinion that these figures afford legitimate ground for satisfaction, and indicate unmistakably the care with which the officers of the Jail Department supervised the health of the prisoners.

3. Although, however, the result has in general been so satisfactory, the death-rates of seven of the forty-eight jails require careful attention.

The Midnapore Jail, which has for many years figured as the most unhealthy of the central jails of the Province, had a death-rate of 53·7, which is much worse than that of the preceding year. Of the 62 deaths in this jail, 25 were due to dysentery and 15 to tuberculosis and pneumonia. After allowing for the general unhealthiness of the Midnapore district, which had a death-rate in 1902 of nearly 8 per mille in excess of the Provincial death-rate, and for the indifferent health of prisoners on admission, the Lieutenant-Governor is constrained to believe that special causes operate to cause unhealthiness in this jail, and that these may be found in defective water-supply and in overcrowding. It was mentioned in the Report for 1901 that the water-supply of the Midnapore Jail was being improved by laying pipes to bring water from a well at a distance from the jail; but the result of this arrangement has not been noticed in the present Report, and may require further examination in view of the continuance of dysentery cases. The Lieutenant-Governor observes with satisfaction that in connection with the releases made in January last on the celebration of His Majesty the King-Emperor's Coronation and with reference to the consequent reduction in the total jail population of the Province, the Inspector-General of Jails has been able to issue orders which will for the present prevent the overcrowding of this jail; and His Honour requests that after the effects of this temporary relief may have passed away, the population of this jail may still be kept down as much as possible

until a better standard of health is secured, or until accommodation can be increased.

Of the 12 deaths in the Krishnagar Jail, 8 were due to dysentery. The district of Nadia was unhealthy last year, and had a death-rate amounting to 50·09 per mille. This jail suffered last year from frequent changes of Superintendents. To this cause the Inspector-General of Jails is inclined to attribute some laxity in prompt and efficient treatment of cases of incipient dysentery.

In the Berhampore, Muzaffarpur and Darbhanga Jails, unfortunate circumstances over which the jail authorities had no control raised the death-rate, *i.e.*, the breakdown of the Municipal water-works in Berhampore and the unhealthiness of prisoners admitted into the Muzaffarpur and Darbhanga Jails. In Rangpur there was frequent overcrowding, which should be avoided in future.

The jail with much the heaviest death-rate for the year, viz., 83·8 per mille, is that at Barisal. This prison has a very bad record for several years, and the figures for last year are even worse than those for the preceding years. The Inspector-General of Jails writes that in no jail did he see more thorough arrangements for the early detection and the prompt and efficient treatment of the sick. Overcrowding and a bad water-supply, it is to be feared, must partly account for the deaths in this jail due to dysentery (19); and in addition, the jail authorities had to deal with an outbreak of epidemic dropsy, an obscure disease, which caused at least eight deaths and was suspected as the cause of death in five or six other cases. It is satisfactory to observe that a new hospital is being erected in the Barisal Jail, and that there is a prospect of the water difficulty being overcome.

The jails of Puri, Mymensingh, Monghyr, Hooghly and Bankipore show a gratifying improvement in their health returns, as compared with the figures of the preceding year.

4. The question of jail accommodation is very closely connected with that of the health of the jails. For some years the jail population has been steadily increasing, and the continued increase last year affords matter for grave reflection. The daily average population was 21,717, which is the highest on record in the history of the Jail Administration of these Provinces since 1876 (a year following a period of famine and distress). The total accommodation for prisoners available on the 31st December 1902 in all the jails in Bengal was for 23,527, so that the margin between the normal needs and the absolute capacity is small. The figures of capacity include temporary accommodation; and it is clear that considerable extensions to the jail buildings beyond those noticed in paragraph 16 of the Report will have to be made ere long, though the release of prisoners in honour of the Coronation will give temporary relief.

The insufficiency of the accommodation for under-trial prisoners is not the least serious side of this question. In twenty District and Central Jails the average daily population of the under-trial wards was in excess of the accommodation: while in the case of the subsidiary jails the state of affairs was even worse, as the total average under-trial population of all subsidiary jails was in very considerable excess of the accommodation available in the under-trial wards. No doubt accommodation was often available in the convict wards and workshops of the jails, but the increase of the jail population will render expedients of this nature less and less possible in years to come.

5. There has been a steady increase in the number of reconvicted prisoners in the last few years The Inspector-General of Jails sees in this circumstance an example of the "recidivism" which is noticed in the prison statistics of other countries. A more commonplace explanation may be found in the better identification of previous convicts due to the introduction and better administration of the finger-print system. In connection with the statement of identification of previously convicted prisoners, it is remarkable that the Midnapore Central Jail with 858 admissions only shows 35 previously convicted prisoners. This gives a percentage of about 4 per cent. on the total admissions, which is far below the provincial average 12·92. The year before last also this jail showed a percentage of reconvicte prisoners which was much below the provincial average. When the lar

number of convicts admitted to this jail every year is considered, the continuance of figures so much below the provincial average calls for some explanation.

6. The forms of labour on which the prisoners sentenced to rigorous imprisonment were employed underwent little change, but there was a satisfactory increase in the amount of work done and in the profits made. The Lieutenant-Governor agrees in the remarks made by the Inspector-General as to the desirability of full use being made of the Jail factories by all Government Departments; and he will be prepared to address the Government of India in the Military Department with regard to the supply of blanketing if the Inspector-General will report the facts of his reference on this subject.

The cost of guard and maintenance of a prisoner for a year (viz. Rs. 7) showed a slight decrease on that of the preceding year.

7. There has been a very considerable decrease, amounting to over 14 per cent., in the number of jail offences compared with the figures for the preceding year. This is the more noteworthy, as the daily average number of prisoners confined in the jails was considerably greater than that of the previous year, and it is no doubt due to the instructions issued by Colonel Mair which were noticed in last year's Resolution.

Attention was directed in the Resolution on the Jail Administration of 1901 to the remarkable variations of the ratio of punishments to average population observable in the different jails of the Province. It would appear from the latest statistics that uniformity is still far from being attained. The Inspector-General of Jails points out that a group of jails in Bihar and Orissa, with the highest ratio for offences, occupy that position mainly owing to a large proportion of punishments for "offences relating to work." The Lieutenant-Governor agrees in the opinion expressed by the Inspector-General that the regular habit of work is almost the only reforming influence in an Indian jail, and is quite ready to admit that healthy prisoners should be made to turn out their proper task, if necessary, under the coercion of punishment.

The Inspector-General is apparently inclined to deduce the theory that a high ratio of punishments has frequently as its corollary an increase of jail profits. Facts, however, are not entirely in favour of this proposition, as Faridpur, which stands third in the list of the most profitable district jails, and Bankura, which stands fourth, have both a punishment ratio far below the average.

Corporal punishments, it is satisfactory to notice, show a progressive decrease, and the Lieutenant-Governor hopes that this form of punishment is now relegated in almost all jails to its proper position as a last resort. The proportionately large number of corporal punishments inflicted in the Jalpaiguri Jail, however, requires an explanation.

8. In connection with the question of jail punishments, much attention has in late years been paid to the marks and remission system. Statistics obtained from the eight Central jails, as required in last year's Resolution, show that in 1897 only 4,056 punishments by "cutting of marks" were inflicted against 4,776 in 1901. Making due allowance for increased daily average population, these figures are almost identical for the two years, and the ratio to the total of all kinds of punishment is in each case practically the same. There is, therefore, no ground—or at any rate these figures afford none—for the proposition that the use of the mark system is responsible for the decrease in the number of punishments inflicted in jails. It by no means follows that on this account the mark system is to be discredited. The Lieutenant-Governor is inclined, however, to agree with the Inspector-General that the ordinary marks granted for purely negative good conduct are of comparatively little utility, and that the future development of this system may be most successful in the direction of award of special marks carrying remission for unusually good work. The Lieutenant-Governor will await with interest the submission of a scheme of remission by days to take the place of the record of marks, and the elaboration of the Inspector-General's suggestion as to introduction of a system of earning of gratuities in favour of first offenders.

His Honour has had recent occasion to notice an excessive award of marks leading to what appeared to him to be an undue remission of sentence,

and steps will be taken to make the award of marks involving extraordinary remission of sentence subject to confirmation of higher authority.

9. The state of the Jail warder force still remains unsatisfactory. The Inspector-General complains that notwithstanding the recent increase in pay, the Jail service continues to have insufficient attractions to obtain a good stamp of man. The long hours of duty, the absence of opportunities of perquisites, illiberal leave rules, and unhealthy stations with bad quarters, are assigned as the causes of the unpopularity of the service. As the majority of the warders are up-countrymen, it will be right to consider whether a relaxation of the leave rules is not feasible. The other causes of discontent, with the exception of the discomfort of the quarters, which is being gradually remedied, appear irremovable.

10. The average period of detention of under-trial prisoners in subsidiary jails was much higher than in previous years, probably on account of the increase of criminal case work. This matter will be brought to the notice of Commissioners of Divisions and District Magistrates, who will be requested to obtain the necessary explanations from Subdivisional Magistrates.

11. In 12 of the 89 subsidiary jails, the number of visits made by the Superintendents was below the prescribed standard of 70. This was especially noticeable in the case of the Raniganj Subsidiary Jail, where the Superintendent only visited the jail 44 times. The deficiency should be brought to the notice of all the Superintendents concerned, and in the case of the Ranganj Subsidiary Jail an explanation should be obtained and forwarded for the Lieutenant-Governor's information. His Honour regards frequent visits by the Superintendents of Subsidiary Jails as a most necessary check, both because the staff are not infrequently inexperienced in jail duties, and because the Subsidiary Jails lack many of the safeguards which obtain in District and Central Jails.

12. The valuable services of Lieutenant-Colonel Mair were acknowledged by the late Lieutenant-Governor in last year's Resolution. Mr. Bourdillon has pleasure in endorsing Major Buchanan's commendation of the long and useful services of Mr. Leonard, who has recently retired from the Department. He also thanks Major Buchanan for an interesting and suggestive report.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Inspector-General of Jails for information and guidance.

Ordered also that a copy of this Resolution and a copy of the Report be submitted to the Government of India, in the Home Department.

Ordered also that a copy of this Resolution be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

REPORT ON THE STATE OF THE SALT MARKET FOR THE FOURTH QUARTER OF 1902-1903.

No. 4182B., dated Calcutta, the 16th May 1903.

From—H. WHEELER, Esq., Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

THE HON'BLE MR. C. E. BUCKLAND, C.I.E.

I AM directed to submit the following report on the state of the salt market for the fourth quarter of the year 1902-1903, comprising the months of January, February and March 1903.

2. The quantity of salt of every description cleared during the quarter amounted to 28,78,651 maunds, as compared with 24,60,664* maunds in the previous quarter, and 25,77,904 maunds in the corresponding quarter of the previous year. The net amount of duty levied thereon was Rs. 64,05,061, as against Rs. 57,78,828* in the previous quarter, and Rs. 59,82,014 in the corresponding quarter of the previous year.

* REVISED FIGURES.

3. The subjoined Table (I) shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as compared with the figures of the corresponding quarters of the two previous years:—

Compared with the corresponding quarter of the previous year there was a marked decline in the importation of salt but an increase in the quantity cleared; in comparison with the same quarter of 1900-1901 there was an increase both in the importations and clearances.

4. Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter as compared with the previous four quarters:—

Stocks at the close of the quarter were less than those of the previous quarter and of the corresponding quarter of the previous year.

5. The despatches of salt from Calcutta by boat and by the several railways passing through the different pass-stations into the interior of the country, both east and west of the river Hooghly, as well as the despatches by steamers and flats during the quarter and the corresponding quarters of the last two years, are shown in Table (III) below:—

6. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar amounted to 1,620 maunds, against 810 maunds in the previous quarter and in the corresponding quarter of the previous year.

7. The quantity of saltpetre salt excised in the refineries of the Lower Provinces during the quarter amounted to 7,320 maunds, as compared with 1,598 maunds in the previous quarter, and 7,379 maunds in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta, according to the published market reports, amounted to 23,000 tons. It is reported that the steamer *Lichtenfels* was afloat with 1,000 tons of salt from Hamburg.

9. Table IV shows the average wholesale prices per 100 maunds of Liverpool and other descriptions of salt during each fortnight of the quarter:—

The price of Liverpool *panga* fell and rose again during the quarter, while that of Muscat *karkatch* rose steadily. The prices of Jeddah *karkatch*, Bombay *karkatch*, Aden crushed and Salif crushed, also showed an upward tendency towards the close of the quarter.

10. The following Table (V) shows the quantity of sea-imported salt admitted into bond and cleared from bond and shipboard at the several out-ports and inland warehousing stations:—

Compared with the corresponding quarter of the previous year, there was a decrease in the quantity admitted into bond during the quarter; the issues of salt, however, increased.

No transactions in sea-imported salt have been reported for the quarter from Cuttack and Puri.

MARINE DEPARTMENT.

Dated Calcutta, the 19th May 1903.

RESOLUTION.

Howrah Bridge Budget Estimate for 1903-1904.

READ—

Letter No. 153, dated 9th April 1903, from the Vice-Chairman, Port Commissioners, Calcutta, forwarding the budget estimate of the Howrah Bridge for the year 1903-1904.

RECEIPTS.

The total receipts for 1903-1904 have been estimated at Rs. 1,70,750 as compared with Rs. 1,95,656 in 1902-1903, showing a decrease of Rs. 24,906. The decrease is mainly due to a reduction of Rs. 19,656 in the estimated receipts from railway traffic, some of which has been diverted to the Docks. There is also a decrease of Rs. 5,250 in the estimated income from the interest on the Bridge Reserve Fund, as it is proprosed to spend Rs. 3,00,000 from this fund in the purchase of two new ferry steamers for use when the bridge is open.

EXPENDITURE.

The expenditure has been estimated at Rs. 1,99,000, against Rs. 1,80,732 in 1902-1903, showing an increase of Rs. 18,268. The increase is due to the provision for the hire of a second ferry steamer, at an additional cost of Rs. 24,000, one steamer having been found insufficient for the requirements of the ferry service. On the other hand, there have been small reductions under certain heads.

2. The net result is a deficit of Rs. 28,250, which appears to be unavoidable. The Commissioners propose to meet this from the Bridge Reserve Fund, the balance at credit of which is at present Rs. 8,00,000.

3. The Lieutenant-Governor sanctions the estimate under section 21 of Act IX (B.C.) of 1871.

By order of the Lieutenant-Governor of Bengal,

W. A. INGLIS,
Offg. Secretary to the Govt. of Bengal.

WEATHER AND CROP REPORT.

For the week ending the 25th May 1903.

Burdwan.—Rainfall at Sadar 0·15, Kalna 1·67, Katwa 0·57, Raniganj 0·37. Weather overcast. Ploughing and manuring of fields continue. Fodder sufficient. Scarcity of water reported from thanas Mangalkot and Katwa in the Katwa subdivision. Condition of cattle good. Common rice sells at 13 seers per rupee.

Birbhum.—Rainfall at Sadar nil, Rampur Hât nil. Weather very hot and unsettled. Manuring is completed, but want of rain is much felt. Planting of sugarcane is impeded. Rice sells at 15 seers per rupee. Fodder and water sufficient.

Bankura.—No rain. Weather very hot. Want of water felt all over the district. Want of rain retarding the cultivation of crops. Fodder insufficient. Common rice sells at 12½ seers a rupee.

Midnapore.—Rainfall at Sadar nil, Contai nil, Tamluk 0·65, Ghatal 0·05. Weather hot and cloudy. *Aus* crops withering. Ploughing stopped for want of rain. Want of fodder and water all over the Sadar subdivision. Cattle-disease reported from Midnapore thana and Nayagram outpost. Common rice sells as follows:—

The mean pressure temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; t, thunder.

* The anemograph being under repair, wind velocities are recorded from 8 A.M. of the preceding day to 8 A.M. of that day.

No. 787T.R.—The 25th May 1903.—Whereas a survey and the preparation of a record of rights are calculated to settle or avert serious disputes existing or likely to arise between the landlords and tenants of village Deobhog, appertaining to estate No. 225, in the district of Pabna:

Pabna.

In exercise of the powers conferred upon him by section 101 (2) (*b*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record of rights prepared in respect of all lands situated within the boundaries of the said village.

2. The particulars to be recorded in the survey and record of rights shall be the following:—

(*a*) The name of each tenant or occupant.

(*b*) The class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat, and if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure.

(*c*) The situation, quantity and one or more of the boundaries of the land held by each tenant or occupier.

(*d*) The name of each tenant's landlord.

(*e*) The money rent payable at the time the record of rights is being prepared, or if a produce rent, the fact that a produce rent is paid.

(*f*) The mode in which that rent has been fixed, whether by contract, by order of a Court or otherwise.

(*g*) If the rent is a gradually increasing rent, the time at which, and the steps by which, it increases.

(*h*) The special conditions and incidents, if any, of the tenancy.

(*i*) The name of each proprietor, including rent-free owner, with the character and extent of his interest, and the situation, quantity and one or more of the boundaries of the proprietor's private lands, as defined in Chapter XI of the Act.

(*j*) If the land is claimed to be held rent-free, whether or not rent is actually paid, and if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority.

SENATE HOUSE,
The 28th May 1903.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday the 6th and 7th July 1903, at 10-30 A.M., both days.

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole)	240	160
Mensuration (*a*) the whole	60	30
Book-keeping (*b*) mercantile	100	50
Total ...	600	...

Minimum required in all papers collectively, 400.

(*a*) Todhunter's Mensuration for Beginners.
(*b*) "Book-keeping," by Ball and Hamilton.
"Book-keeping" by double and single entry, by W. Inglis (Chambers' Educational Course).

The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements in regard to the *place* and *hour* of examination with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts not later than 30 days previous to the date fixed for the examination and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth, not required, if the candidate is already in permanent Government employ).

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College not later than 30 days previous to the examination; the application to be accompanied by the fee of Rupees Ten.

SIBPUR,
The 12th May 1903.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Hooghly, will be put up to sale at the office of the Collector of Hooghly on the 26th day of June 1903, corresponding with 11th Ashar 1310 (B.S.).

The purchaser will be subject to the following conditions of sale:—

Conditions of Sale

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by the noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Midnapore Collectorate, the 16th May 1903. W. A. MARR, Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Bengal-Nagpur Railway, in the district of Cuttack, will be put up to sale at 12 o'clock on Monday, the 20th July 1903, corresponding to the 5th day of Sraban 1310 at the Court-house of the Collector of Cuttack.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

Alipore, the 26th May 1903.

B. C. Ghosh, Deputy Collector, *for* Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Eastern Bengal State Railway, in the district of Rangpur, will be put up to sale at 11 o'clock on 13th day of July 1903, corresponding to the 28th Assar 1310 Fusli, at the Rangpur Station.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than three feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the District Collector of the orders of the Board confirming the sales.

6th.—The lands will be offered first to the zamindars from whom they were acquired on payment of compensation given.

Notice of Lease of Waste Lands in the Sundarbans, under Rule 19, Section II of the Waste Lands Manual, 1898.

NOTICE is hereby given that the lease of the land specified in the schedule hereto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sundarbans, has been applied for by Shomsher Khan Chowdhury, and will be sold at 12 o'clock noon on the 31st of August 1903, Monday, at the Sundarbans Commissioner's office at Alipore, unless meantime the sale is stopped or postponed in consequence of claims or objection under Act XXIII of 1863 (to provide for the adjudication of claims to waste lands), or owing to any other cause

2. The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the Rules for the Sale of Leases of Waste Lands in the Sundarbans of the 24-Parganas, Khulna, and Backergunge, dated 12th November 1879.

Conditions.

That the land shall be subject to all existing rights of way and water and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to the public, as also the use of a tow-path not less than 25 feet in width on each side of every such stream and channel.

That no charge will be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances, or which may be used on the land; but for wood and timber exported for sale a duty shall be levied at such rate and in such manner as may, from time to time, be prescribed by Government.

That the Government reserves to itself the right to all minerals on the land, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying away such minerals. It also retains its proprietary right in the land, and only confers on the lessee an occupancy right, which shall be hereditary and transferable.

PUBLIC WORKS DEPARTMENT.

ROAD CESS.

Dated Calcutta the 2nd June 1903.

RESOLUTION.

Receipts and Expenditure of the District Road Funds and District Road Accounts in the districts of Darjeeling, Singhbhum, Sonthal Parganas and Chittagong Hill Tracts during 1901-1902.

READ—

Annual Reports and Accounts of the District Road Funds and District Road Accounts in the districts of Darjeeling, Singhbhum, Sonthal Parganas and Chittagong Hill Tracts for the year 1901-1902, received from the Commissioners of Divisions concerned.

Read again—

Annual Reports and Accounts of the several District Road Funds and District Road Accounts in Bengal for the previous year and the review thereof, No. 2939R.C., dated 29th April 1902.

REMARKS.—The Bengal Local Self-Government Act of 1885 was in force in 1901-1902 in all the districts of the Province except the following:—

Darjeeling.	Sonthal Parganas.
Singhbhum.	Chittagong Hill Tracts.

In the Darjeeling district and in the Dalbhum and Porahat parganas of the Singhbhum district the Cess Act of 1880 was in force during the year under review. It was also in force in certain tracts of the Sonthal Parganas from 1st September 1901, while the other parganas of the Singhbhum district and other tracts of the Sonthal Parganas and the Chittagong Hill Tracts district were not under the operations of either of the above Acts.

RECEIPTS.

2. In the districts in which the Cess Act was in force, the cess was levied at the maximum rate allowed by law, while in those districts which were not under the operations of the Act, and in which therefore there were no cess collections, funds were provided by grants-in-aid. The receipts for the year 1901-1902, compared with those of the previous year, are shown below:—

3. The increase under "Cess on Lands" in the Darjeeling district is due to revaluation and arrear collections during the year. In the Singhbhum district the decrease under "Cess on Lands" and "Cess on Mines and Railways" is due to annual revision of assessment under Chapter V of the Cess Act.

5. In Darjeeling the year opened with a balance of Rs. 10,887, but it closed with a balance of Rs. 13,676. This closing balance was more than one quarter of the year's receipts of the Committee, that is, above the limit prescribed in paragraph 9 of the Resolution No. 4238R.C., dated 18th December 1885. The closing balance of the Sonthal Parganas was also excessive.

6. Of the total expenditure incurred during the year, Rs. 1,26,629 was devoted to Civil Works, while the outlay under other sub-heads, exclusive of "Suspense Accounts," was Rs. 1,27,083 in the aggregate. The distribution of the outlay on Civil Works is as follows:—

7. *Original Works.*—No new works were carried out during the year in the districts of Darjeeling and Chittagong Hill Tracts. Out of the sum of Rs. 65 shown under this head in the former district, Rs. 42-6 represent the expenditure incurred out of the advances during 1899-1900 on account of Singbali Bridge washed away by the cyclone of September 1899, an account for which was received during the year, and the balance was paid as compensation for damages to crops done at the time of reconstruction of Goke Bridge. The principal works carried out in the other districts during the year 1901-1902 are as follows:—

Singhbhum district—

(1) Improving Jyntgurh, Katbari, Amda and Bend roads.
(2) Constructing two bridges on Jyntgurh road.
(3) Constructing Anundapur-Monohurpur road.
(4) Constructing Koali-Kalimati Feeder road.
(5) Earthwork on Chakradharpur-Goilkera, Gamaria-Jamda and Bohoragora-Chakulia roads.

Sonthal Parganas—

From Public Works Funds—

(1) Conversion of a Court-room into a Record-room and *vice versa* in the Court Building, Dumka.
(2) Additions to the Subdivisional Court building at Godda.
(3) Additions and alterations to bungalow No. 3 at Dumka.

From Local Funds—

(4) Stone metalling, Dumka-Rampur Hât road.
(5) Construction of three masonry culverts on Dumka-Deoghur road.
(6) Construction of a screw pipe bridge over Gokha river on Godda-Panjwara road.

From Land Revenue—

(7) Construction of a bridge over Gumra river in Dumka Damin.
(8) Improving Sahebganj town.
(9) Metalling Brahmoni-Katikund road.
(10) Diversion of Godda-Simlong road.

8. *Repairs.*—The total expenditure under this head was Rs. 88,732 as detailed in the table below:—

The funds for the repairs of Government buildings and roads were supplied by Government.

9. *Arboriculture.*—A sum of Rs. 1,285 was spent in planting and maintaining trees on roadsides, and in maintaining nursery gardens in the several districts, as shown below:—

Total ..	1,21,879	26,420	21·67

* Inclusive of Rs 11,683 for Works and Repairs under Land Revenue and for Imperial and Provincial Civil Works.
† Exclusive of pay and allowance of Public Works Department Subordinate lent to the Committee who was paid direct by Government

In the Darjeeling district, the very low percentage is due to the fact that no Engineer was employed: all the works and repairs in the hills of the district and most of those in the Terai were executed by the members of the Committee and other private gentlemen to whom the thanks of Government are due for their assistance. The sum of Rs. 752 spent under this head was for the Public Works establishment in the Terai subdivision only. The percentage in the district of Chittagong Hill Tracts is high. In this district the charges for establishment during the year were Rs. 6,896 against Rs. 6,770 of the previous year.

ORDER.—Ordered that a copy of this Resolution, together with the Annual Accounts of the several District Road Funds and District Road Account, and abstracts from the Reports of the Chairmen of the several District Road Committees, be published in Part II of the *Calcutta Gazette*.

Ordered also that a copy of this Resolution be forwarded for information to the—

Commissioners of the Rajshahi, Bhagalpur, Chittagong and Chota Nagpur Divisions;
Superintending Engineers of the Northern and Western Circles;
Inspector of Works, Eastern Circle;
Accountant-General, Bengal;
Board of Revenue, Lower Provinces;
Financial Department of this Government.

By order of the Lieutenant-Governor of Bengal,

R. G. KENNEDY,
Offg. Secretary to the Govt. of Bengal

Abstract of the Report by the Chairman, District Road Committee of Darjeeling on the operations of the District Road Fund of the district for the year 1901-1902.

[*Vide* letter No. 133 R.F., dated $\frac{20\text{th June}}{18\text{th August}}$ 1902, from E. H. C. Walsh, Esq., I.C.S., Chairman of the District Road Cess Committee, Darjeeling, to the Commissioner of the Rajshahi Division.]

1. *Working of the Committees*—

(*a*) *District Road Committee.*—There were 18 members of the Committee—5 official and 13 non-official. Five meetings were held during the year. The average attendance was 8·2, or 45·5 per cent. The falling off in the average attendance of members is due to some of them being away on leave from the district.

(*b*) *Kurseong Branch Committee.*—This Committee consisted of 9 members—2 official and 7 non-official. Three meetings were held during the year. The average attendance was 4·6, or 51·1 per cent.

(*c*) *Terai Branch Committee.*—There were 19 members—6 official and 13 non-official. Six meetings were held during the year, the average attendance being 6·8, or 35·7 per cent.

2. The year opened with a cash balance of Rs. 10,887-7-2 and unadjusted advances amounting to Rs. 1,08,779-3-9. The sum of Rs. 37,301-9-11, including the receipts (Rs. 26,414-2-9) of the year, was available for expenditure. The total expenditure during the year was Rs 1,31,372-5-4, including Rs. 1,00,000 advanced during the previous years to the Executive Engineer, Darjeeling Division, on account of Road Fund bridges, which was charged during the current year as contribution to "Provincial Civil Works for Road Fund bridges" under the orders of Government. The total balance at the close of the year was Rs. 14,708-8-4, including the unadjusted advances of Rs. 1,032-10-3 outstanding at the close of the year.

RECEIPTS.

3. *Collections.*—The road cess was levied in the district at the maximum rate of six pies per rupee during the year. Rupees 21,308-13-4 were realised as cess on lands and Rs. 420-6 on account of cess on mines, &c., making a total of Rs. 21,729-3-4 against Rs. 20,164 11-3 of the previous year. The increase is due to revaluation and collection of arrears of past year during the year.

4. *Contributions*—

(*a*) *Grant from Government.*—The grant of 1½ per cent. collection from Government and other estates and the Government contribution on account of Road and Public Works Cess joint establishment amounted to Rs. 2,684-7-5 against Rs. 2,961-3 9 of 1900-1901. The decrease is due to the decrease of collection from Government estates, and also to the fact that the sum of Rs. 167-15-2 was recovered during 1900-1901 from Government on account of its share of the cost of revaluation work, whereas there was no receipt on account of this during the year.

(*b*) The contribution of Rs. 2,000 was received, as usual, from the Darjeeling Improvement Fund.

EXPENDITURE.

5. *Original Works—Communications.*—The sum of Rs. 64-14 was spent under this head during the year. Out of this Rs. 42-6 represent the expenditure incurred out of the advances during 1899-1900 on account of Singbali bridge, washed away by the cyclone of September 1899, an account for which was received during the year, and Rs. 22-8 were paid as compensation for damages to crops done at the time of reconstruction of the Goke bridge.

6. *Repairs—Communications.*—The total expenditure under this head was Rs. 18,572-12-10, as detailed below:—

Name of the Committee.	Particulars of expenditure.	Amount.			Total.		
		Rs	A.	P.	Rs.	A.	P.
District Road Committee, Darjeeling.	Roads ...	4,504	6	4			
	Bridges ...	345	0	0			
					4,849	6	4
Kurseong Branch Committee ...	Roads ...	3,165	4	3			
	Bridges ...	50	0	0			
					3,215	4	3
Terai Branch Committee ...	Roads and bridges ...	10,250	4	3			
					10,250	4	3
	Total ...	.....			18,314	14	10
Hills and Terai	Village roads ...	.....			257	14	0
	Total of Repairs ..	.....			18,572	12	10

There is a total increase of Rs. 4,901-8-2 which was due to the increase of grant for repairs to roads and bridges and adjustment of advances outstanding from previous years.

7. Two hundred and ninety-six miles of unmetalled district roads were repaired at a cost of Rs. 18,315, or Rs. 61-8 per mile, and 14 miles of village roads at a cost of Rs. 258, or Rs. 18-4 per mile. The sums of Rs. 345 and Rs. 50 were spent for the upkeep of the bridges under the District and Kurseong Committees, respectively. The cause of increase in the cost per mile of the district roads is explained in the previous paragraph. The decrease as regards the village roads is due to the fact that a large sum was spent for the upkeep of village road No. 6 during 1900-1901, and nothing has been spent for it during the year.

8. *Loan.*—No fresh loan was taken during the year. The sum of Rs. 3,411-12-4 of principal and Rs. 3,899-5-4 interest were paid to Government on account of the old loan.

9. *Public Works Establishment.*—No professional Engineer was entertained by the Committee during the year. All the works in the hills and most of those in the Terai were, as usual, executed by the members of the Committees and other private gentlemen to whom the Committee is thankful for their valuable assistance. One overseer and one peon were entertained by the Terai Branch Committee at a cost of Rs. 742-14-3. The pay of the former was Rs. 60 with a fixed horse allowance of Rs. 20 and that of the latter was Rs. 7 per mensem. Rupees 9-12 were spent as their contingencies.

10. *Inspection of Accounts.*—The accounts of the whole year have been audited by the members of the Audit Sub-Committee. The Examiner of Local Accounts has audited up to May 1901.

Abstract of the Report by the Chairman, District Road Committee of Singhbhum, on the operations of the District Road Fund of the District for the year 1901-1902.

[*Vide* letter No. 42R.C., dated 24th May 1902, from J. C. Twidell, Esq., C.S., Chairman, District Road Committee, Singhbhum, to the Commissioner of the Chota Nagpur Division.]

1. The accounts of the year were duly examined and audited by the Committee at their meeting held on 23rd May 1902. The Local Auditor audited the accounts for the period from 1st March 1900 to 31st May 1901. The audit closed on the 20th July 1901.

2. *Working of the Committee.*—The District Committee held six meetings during the year against five in the previous year, in all of which a quorum was obtained, the average attendance being 5·8 against 5 8 in the preceding year.

RECEIPTS.

3. The road cess in the district continued to be levied at the maximum rate of six pies in the rupee (*vide* Government Notification No. 1595R P., dated 4th March 1902). The current demand on account of cess on lands and mines, jungles, &c, during the year was Rs. 13,025 against Rs. 15,757 in the previous year. The decrease is due to the annual revision of assessment under Chapter V of the Cess Act, which is fluctuating.

4. The year commenced with an arrear balance of Rs. 2,054. Of this sum Rs. 1,691 were reduced and remitted. Thus the net arrear the realisable balance for the year was Rs. 363 only. This, together with Rs. 13,025, the demand for the year, less the sum of Rs. 7 paid in advance in the preceding year, gave a total of Rs. 13,381 for collection within the year. Of this sum Rs 11,161 were realised, the balance outstanding at the close of the year being Rs. 2,217. Of this sum Rs. 1,470 was due from the proprietor, Dhalbhum revenue-paying estate, in which the last *kist* fell due on the 28th March, or three days before the close of the year, Rs. 46 from the proprietor of revenue-free estate of Anandpore on account of 27th January *kist*, and Rs. 701 from the assessees under Chapter V of the Cess Act. Of the arrears Rs. 433 have been realised. The amount due by the proprietor of Dhalbhum Estate it is proposed to set off against a decree obtained by him for the refund of certain sums collected in 1900-1901. The percentage of collections on current demand is Rs. 85·74. Including miscellaneous receipts, Government grants and an opening balance of Rs. 1,162-8-1, the income available for expenditure during the year was Rs. 25,810-4-11.

EXPENDITURE.

5. *Civil Buildings—Repairs.*—The road cess building at Chaibassa was repaired at a cost of Rs. 463-14-3, the sanctioned allotment being Rs. 450.

6. *Communications—Original Works.*—The following original and improvement works were done during the year at a cost of Rs. 7,410-13-4 against the budget grant of Rs. 9,197:—

(*a*) Chaibassa-Jyntgurh, Bend-Subornorekha river, Katbari and Amda roads. Gravel was put over heavy portions aggregating about 18 miles in length and three culverts five-feet span with pucca abutments were constructed on the Amda road.

(*b*) Chukradhurpur-Goilkera, Gamaria-Jamda, and Bohoragora-Chakulia roads. Earthwork for about 28 miles was done for the improvement of these roads.

(*c*) The construction of Koali-Kalimati feeder road, first section, has been taken up from 1900-1901. Earthwork for nearly two miles was done during the year.

(*d*) The construction of Anandpur-Monohurpur feeder road has been taken up from 1900-1901. Earthwork for about a mile was done during the year in addition to one mile earthwork done in 1900-1901.

7. *Repair Works.*—There are altogether 23 roads, including Anandpur-Monohorpur and Koali-Kalimati feeder roads, aggregating about 438 miles in length. Of this 35 miles as mentioned in the foregoing paragraph against (*c*) and (*d*) are under construction. The works chiefly consisted of the annual maintenance of these roads, including repairs to culverts, &c, on them, and were generally much the same as in previous years.

8. *Village roads.*—About 35 miles in Kolhan and 4 miles in pargana Dhalbhum have been repaired and made passable for cart traffic. The roads of this class in Kolhan were repaired by Mundals or headmen of the villages, and payments were made to them under petty contractors' bills.

9. A statement in the form annexed to Government Circular No. 2M., dated 16th January 1900, showing the length of district roads (metalled and unmetalled) and village roads, the amount spent on the maintenance of roads and the cost per mile is given below:—

10. *Arboriculture.*—Two hundred and sixty new trees were planted during the year. These, together with 410 of previous years, gave a total of 670 plants for maintenance during the year. The cost incurred in maintaining them was Rs. 505 during the year as against Rs. 298 in the previous year. The existing trees were reported to be in fair condition.

Nursery.—There are two nursery gardens—one at Chaibassa on the south bank of the Jubilee tank containing about 300 plants and the other at Boea containing about 200 plants.

11. The following statement compares the cost of maintenance during the year for the several classes of roads with that of the previous year and the average cost per mile.

12. No famine relief operations were carried out during the year.

13. The following table compares the revenue of the District Road Cess Committee (excluding opening balance and suspense account), the expenditure incurred on original and repair works and the establishment employed on these works, the percentage of this establishment on the amount spent on works as also the percentage of total expenditure on works, including establishment, calculated on the revenue with those of the two previous years:—

ASUTOSH DE BISWAS, *Accountant and Head Clerk, Singhbhum Road Cess Office.*

MOHINI MOHAN GHOSH, *Vice-Chairman, District Road Cess Committee, Singhbhum.*

J. C. TWIDELL, *Chairman, District Road Cess Committee, Singhbhum.*

Abstract of the Report by the Chairman, District Road Committee of Sonthal Parganas, on the operations of the District Road Fund of the district for the year 1901-1902.

[*Vide* letter No. 122P.W., dated 2nd June 1902, from C. H. Bompas, Esq., C.S., Chairman of the District Road Cess Committee of Sonthal Parganas, to the Commissioner of the Bhagalpur Division and Sonthal Parganas.]

1. The Local Self-Government Act was not in force in the district during the year. The provisions of the Cess Act, IX of 1880, were extended to certain selected tracts under Government notification No. 4489R.P., dated the 20th August 1901, with effect from the 1st September 1901. But there were no cess collections during the year: the valuation of the selected tracts being taken in hand late in the year was not been completed.

2. The District Road Committee of the Sonthal Parganas, consisting of nine members, was formed by Government notification No. 4799R.P., dated the 3rd September 1901, but the fund continued to be administered by the Deputy Commissioner till the end of November 1901, when the formal transfer of the unspent balance at credit of the late District Road Account to the new District Road Fund under the disposal of the Committee was sanctioned in Bengal Government, Financial Department, letter No. 5429R.P., dated the 25th November 1901.

3. *Working of the Committee.*—The Committee consisted of nine members, of whom three were official and the rest non-official. The latter all belong to the class of landed proprietors or are gentlemen of analogous position. The Committee held three meetings, the first of which was on the 5th October 1901. The average attendance of members was 5·7 and the percentage of average attendance was 62·9.

RECEIPTS.

4. The year opened with a cash balance of Rs. 24,775 and with a receipt of Rs. 94,267. The amount available for expenditure during the year was Rs. 1,19,042, of which Rs. 90,734 was spent, leaving a closing balance of Rs. 28,308, which is excessive. There being no cess collections, the receipts of the year consisted mainly of the Government grants-in-aid. The following table compares the receipts of the year under several heads with those of the previous year:—

	1900-1901.	1901-1902.
	Rs.	Rs.
Balance on 1st April	24,015	24,775
XXV.—Miscellaneous—

Deposit for Provincial Civil Works ...	...	11,783
Total Receipts ...	92,443	94,267
Grand Total (including balance) ...	1,16,458	1,19,042

5. *XXV—Miscellaneous.*—The increase under sub-heads "Fees, fines and forfeitures" is owing to the forfeiture of security deposits by contractors on account of bad work or failure to execute their contracts in time. The increased revenue in the year 1900-1901 under sub-head "Miscellaneous" was merely an incidental one, being the refund into the treasury of the balance of imprest with the District Engineer on the introduction of the system of permanent advance.

6. *XXXII—Civil Works.*—The increase in receipts from staging bungalows was owing to much greater collections from Dumka and Rajmahal dák bungalows.

The receipt under ferry tolls is altogether a new item and arose out of the three ferries—Mahroo, Dhoboi, and Bhurbhuri—having been for the first time settled by public auction during the year.

The increase under sub-head "Miscellaneous" is mainly due to the value of a large number of tools and plant found missing on recounting having been recovered from the parties in fault. The income on this account alone amounted to Rs. 631.

7. The grants from Government were composed of the following:—

	Rs.
(*a*) Annual fixed grant for road works	60,000
(*b*) Annual grant for miscellaneous public improvements in Government estate	7,124
(*c*) Pay and allowance of a Sub-Overseer to look after Public Works buildings, 1900-1901 and 1901-1902	1,200
(*d*) 1¼ per cent. on collections from Government estates	217
Total ...	68,541

During the year the grants received for works and repairs in connection with Imperial and Provincial Civil Buildings, which had been formerly treated as receipts under this head, were shown as a separate item under suspense head—"Deposits" under instructions from the Accountant-General, Bengal. This accounts for the decrease under grant from Government.

EXPENDITURE.

8. The following table shows the outlay incurred in 1901-1902 compared with that of the previous year:—

	Balance on 31st March ...	24,775	28,308
	Grand Total ...	1,16,458	1,19,042

9. The total expenditure under "Land Revenue" was Rs. 11,683 during the year 1901-1902 against Rs. 14,468 in the previous year. The increase under "Administration" was due to the payment of the pension to the late Accountant for the last two months of the previous year having been made during the year.

The permanent District Engineer having resigned and the service of the officiating incumbent being a pensionable one, no contribution towards the Provident Fund deposit in favour of the District Engineer had to be made during the greater part of the year, hence the decrease under Provident Fund contribution. The expenditure of Rs. 45 under "Miscellaneous" was incurred in sending down four weavers and one carpenter to Serampore for instruction in the system of fly-shuttle weaving. Rupees 2,816 was spent on "Civil Buildings—New Works" against Rs. 8,504 in the previous year. The cause of this decrease was owing to the fresh grants received during the year on the above account, and the expenditure therefrom being credited and debited to a different sub-head "Deposits for Imperial and Provincial Civil Works," as stated above in paragraph 7. The expenditure of Rs. 2,816 incurred out of the allotments received in the previous year was accounted for in the year. The decrease under "Civil Buildings—Repairs" is also due to the same ground, a nominal sum of Rs. 99 having been spent on repairs to the Road office buildings and godown attached to it. The large increase of expenditure under "Communications—New Works" was mainly owing to the two works having been sanctioned and undertaken during the year, viz.—

(1) Stone metalling of Dumka-Rampurhat road, on which Rs. 3,840 was spent.
(2) Gokha bridge, on which Rs. 6,849 was spent for the purchase of materials.

The allotment of Rs. 5,000 originally provided for repairs to the Dumka-Rampurhat road was cut down to Rs. 2,407 in order to provide funds for the original work on the same road. The allotments on some other roads could not be utilized to the fullest extent. These will account for the decrease of expenditure under "Communications—Repairs." The decrease under "Establishment" is due to the Officiating District Engineer, who worked during the greater part of the year, having been paid his salary at half the rate sanctioned for the post and the travelling allowance at second class rate. A small sum of Rs. 39 was only spent in purchasing furniture and crockery for the dâk bungalows against Rs. 181 in the previous year; hence the decrease under "Petty establishment.

10. *Original Works.*—The principal works carried out during the year in this district were as follow :—

LAND REVENUE.

(1) Constructing a bridge over Gumra river on which Rs. 1,154 was spent, bringing up the total to Rs. 6,390.
(2) Improving Sahebganj town with an expenditure of Rs. 1,282.
(3) Metalling Brahmoni to Katikund road, completed at a cost of Rs. 566.
(4) Diversion of Godda-Simlong road on which an expenditure of Rs. 538 was incurred.

CIVIL BUILDINGS.

5. Additions and alterations to court buildings at Godda with an expenditure, during the year, of Rs. 1,031 and up to date of Rs. 1,531.

6. Conversion of a court-room into a record-room and *vice versâ* in the court building at Dumka with an outlay of Rs. 924.

7. Additions and alterations to bungalow No. 3 at Dumka, on which Rs. 844 was spent

COMMUNICATIONS.

8. Stone metalling, Dumka-Rampurhat road, with an expenditure of Rs. 3,840.

9. Constructing three masonry culverts on Dumka-Deoghur road at a cost of Rs. 414.

10. Constructing a screw pipe bridge over the river Gokha on Godda-Panjwara road on which Rs. 6,649 was spent.

11. *Repairs.*—The total expenditure incurred in maintaining the scheduled roads was Rs. 24,470 against Rs. 27,100 in the previous year.

12. The expenditure on repairs is classified in the following table :—

14. There were altogether 793 miles of scheduled roads in the district. The repairs were executed on all of these roads, except Kumrabad road, which is being annually repaired by the zamindar of Belpatta.

A sum of Rs. 353 out of the donation of Rs. 6,000 made by the Raja Bahadur of Hetampur was spent in repairing Ranigram-Ashanboni and Ranibahal-Baboopur roads, which pass through his estates.

15. No inspection bungalows or huts were constructed or were under construction under the Road Fund. The existing ones were maintained in fairly good condition, the cost of repairs having been charged to the roads on which they are situated. Steps were also taken to provide each inspection bungalow with suitable furniture and crockery, for which an expenditure of Rs. 884 was incurred during the year.

There were, however, five bungalows under construction in the Damin out of the Estate Improvement Fund, which, it is expected, will shortly be completed. These are located as under—

Rajmahal Damin—
One at Borio.
One at Brindaban.
One at Banjhee.

Godda Damin—
One at Boarijori.
Dumka Damin—
One at Jhilimile.

16. The receipts and expenditure of the three dâk bungalows under the District Road Committee are compared with those of the previous year in the following table:—

Name of dak bungalow.	Receipts.		Expenditure.	
	1900-1901.	1901-1902.	1900-1901.	1901-1902.

Dumka	60	233	96	100
Rajmahal	125	158	278	121
Sahebganj	52	68	369	219

17. *Imperial and Provincial Funds.*—The total expenditure incurred on Imperial and Provincial Civil Buildings was as under—

(1) Expenditure out of the grants received prior to 1901-1902, as shown under Civil Buildings, New Works, Rs. 2,816.

(2) Expenditure out of the grants received during the year and shown under deposits—

	Rs.
(*a*) Imperial Civil Buildings	1,500
(*b*) Provincial Civil Buildings	10,682

The expenditure under item (2) is further detailed in the following table:—

Service head.	Balance on 1st April 1901.	Allotment received during the year.	Total (2) & (3).	Outlay during the year.	Refunded during the year.	Balance on 31st March 1902 at the disposal of Public Works Department for refund.

Provincial ...	353 14 8	11,783	12,136 14 8	10,037 11 9	997 14 8	1,101 4 3

Out of Rs. 1,300 5-9 under the Imperial Fund, Rs. 87-15-7 was on new works and the balance in repairs. Similarly, out of Rs. 10,037-11-9 expended on Provincial Civil Buildings, Rs. 2,907-6-9 was for new works and the remainder for repairs.

18. *Sanitation.*—Nothing was spent on this account from the District Road Fund except a petty amount of Rs. 15 in excavating the tank in the compound of the Rajmahal dâk bungalow. A sum of Rs. 756 was, however, expended out of the Estates Improvement Fund towards improving the sources of water-supply in the Damin. The following amounts were spent in constructing new bundhs or repairing existing ones:—

	Rs.
Constructing Buridangal bundh	199
Ditto Amtola bundh	128
Repairs to Nakti bundh	180
Ditto Bocha bundh	150

19. It is reported that the water-supply during the year was sufficient throughout the district, and the existing sources were enough for the ordinary requirements. No material improvement to the existing sources of water-supply was made in any of the subdivisions or municipal area.

20. The registers in Forms Nos. I and II, as prescribed in Government circular No. 8T.—M., dated the 15th May 1896, were maintained in all subdivisions of the district, as well as in the Deoghur and Sahebganj Municipalities. The following statement shows the thana totals of Form 1:—

Name of Thana or Circle.	Number of villages containing 100 houses or more—		Population by last census.	Sources and character of water-supply.									Ownership or control.						Is permanent supply adequate to population?	Remarks.

DUMKA,
The 24th July 1902.

H. MCPHERSON, *Chairman*,
Sonthal Parganas, District Road Committee.

Abstract of the Report by the Superintendent of Chittagong Hill Tracts on the operations of the District Road Account of the District for the year 1901-1902.

[*Vide* letter No 39R, dated 13th May 1902, from R. H. Sneyd Hutchinson, Esq., Superintendent, Chittagong Hill Tracts, to the Commissioner of Chittagong.]

RECEIPTS.

THE Chittagong Hill Tracts is a non-cess district. Neither the Bengal Local Self-Government Act, III of 1885, nor the Bengal Cess Act, IX of 1880, was in force in the district. There were therefore no cess collections. The funds of the District Road Account consisted of grants in-aid from Government and a few miscellaneous receipts. The following statement shows the receipts of the year compared with those of the previous year :—

	During 1900-1901.	During 1901-1902.
	Rs. A. P.	Rs. A. P.
Balance on 1st April	2,513 6 6	4,023 9 9

	33,009 0 11	33,394 7 1
Total, including balance ...	35,522 7 5	37,418 0 10

2. The receipts (Rs. 945-7-1) under Miscellaneous are made up follows :—

	Rs. A. P.
Tramway earnings	929 15 0
Sale-proceeds of old articles of the Rangamati Circuit House	13 13 9
Miscellaneous receipts	1 10 4
Total ...	945 7 1

3. It was proposed in Bengal Government letter No. 623P., dated 21st February 1898, that all stores and other articles pertaining to the Lushai Hills and conveyed by tramway at Burkul should be charged against the Administration of Assam. The total charge against the Assam Government for 862 maunds of goods at the usual rate of 2 annas per maund came to Rs 107-12. The private traffic on the tramway and the earnings therefrom during the year amounted to 7,361 maunds 23 seers, and Rs. 929-15, respectively, against 7,979 maunds 38 seers, and Rs. 1,017-4 in 1900-1901.

4. The grants from Government were as follows :—

	Rs.
Annual grant for the year	10,000
Extra grant sanctioned in the letter from the Government of Bengal, Financial Department, No. 4654F., dated 29th August 1901	1,500
Total ...	11,500

5. Rupees 500 shewn under "Deposits" represent the annual subsidy from the District Board of Chittagong for maintaining the portion of the Chittagong to Fort Haka Road lying in the Regulation District for the year, and Rs. 20,449 shewn under "Deposits for Imperial and Provincial Civil Works" the grant for works and repairs in connection with Imperial and Provincial buildings and roads and contribution for their supervision.

EXPENDITURE.

Mackay—Alterations to entrance.

THE Portmaster, Brisbane, has given notice (No. 4 of 1903) that heavy floods have caused changes on the bar of the Pioneer River, and that the line of deepest water has moved considerably south of its former position.

The following marks will take a vessel through the deepest water, viz.—

The extremity of the North Entrance Wall, or a beacon near to, in line with the Flagstaff at Fisherman Point, bearing about N. W. ¼ N. By night this line will be marked by a red light and a white light. Leading beacons at the points indicated are being erected, and buoys will also be placed to define the limits of the deep water.

Directions—Vessels will approach the bar, keeping the north extremity of Round Top Islet in line with the south extremity of Flat Top Islet, bearing S. 84° E., until the abovenamed marks come in line bearing N. W. ¼ N. Keep them in line until near the North Entrance Wall, when the old marks bearing W. by N. ¼ N. come in line; keep them so and continue as hitherto.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. Rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; g, gloomy; d, drizzling rain; p, passing temporary showers; t, thunder; ⌐, lightning; ⁄, strong wind; K, thunder storm.

No. 917T.R.—The 5th June 1903.—Under the powers conferred upon him by section 101 (1) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, and extended to the Chota Nagpur Division, excepting the district of Manbhum, by Government Notification No. 721, dated 9th February

Ranchi.

1903, the Lieutenant-Governor is pleased to direct that a survey shall be made and a record-of-rights be prepared in respect of all lands included within the external boundaries of thanas Tamar and Khunti, in the district of Ranchi.

The particulars to be recorded in the survey and record-of-rights shall be the following :—

(*a*) The name of each tenant or occupant.

(*b*) The class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy-raiyat, non-occupancy-raiyat or under-raiyat; and if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure.

(*c*) The situation and quantity and one or more of the boundaries of the land held by each tenant or occupier.

(*d*) The name of each tenant's landlord.

(*e*) The rent payable at the time the record-of-rights is being prepared.

(*f*) The mode in which that rent has been fixed, whether by contract, by order of a Court or otherwise.

(*g*) The special conditions and incidents, if any, of the tenancy.

(*h*) If the rent is a gradually increasing rent, the time at which, and the steps by which, it increases.

(*i*) The name of each proprietor, with the character and extent of his interest, and the situation, quantity, and one or more of the boundaries of each proprietor's private lands.

(*j*) If the land is claimed to be held rent-free, whether or not rent is actually paid, and if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and if so entitled, under what authority.

No. 924T.R.—The 6th June 1903.—In exercise of the powers conferred on him by section 189 and sub-section (6) of section 190 of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor is pleased to make the following rules under the said Act, and to direct that they shall be substituted for Rules 45 to 58, for the disposal of applications under section 103, in Chapter VI of the Rules under the Act, published, under Government Notification No. 111L.R., dated the 10th January 1899, in Part I pages 33 to 42 of the *Calcutta Gazette* of the 11th idem, as amended by the rules published, under Government Notification No. 1006T.R , dated the 5th July 1901, in Part I, pages 879-880 of the *Calcutta Gazette* of the 10th idem :—

Applications under section 103 for survey and record of rights.

45. These applications shall be made to the Collector of the district.

46. The application shall specify—

(*a*) The status of the applicant, viz., whether he is a proprietor or a tenure-holder.

(*b*) The particulars specified in section 102, Bengal Tenancy Act, in respect of which the application is made.

(*c*) The number of tenants occupying the estate or tenure or part thereof in respect of which the application is made, the total rent payable by them at the time, and the estimated area covered by the application (so far as the applicant is able to give these particulars).

47. (*a*) If the application is made by a proprietor, it shall not be admitted unless the name of the applicant and the extent of his interest are registered under Act VII (B.C.) of 1876.

(*b*) If the application is made by a tenure-holder, it shall not be admitted unless the right of the tenure-holder and the extent of his interest is admitted by the superior landlord or is proved to the satisfaction of the Collector.

48. On receipt of the application, the Collector shall forward it to the Commissioner with any remarks which he may think necessary.

49. The Commissioner may call for further information or may require the application to be amended.

50. If the Commissioner considers that the application cannot be granted with advantage to the interests of all persons concerned, he may reject it. If he approves it, he shall forward the application, with an expression of his opinion, for the orders of the Board of Revenue.

51. A Commissioner rejecting an application shall record his reasons for doing so, and the applicant, if dissatisfied with the order, may appeal within one month to the Board of Revenue.

52. When an application is referred to the Board under Rule 50, or an appeal is preferred under Rule 51, the Board may call for further information if necessary, and shall pass such orders as it may think fit for allowing or rejecting the application.

53. As soon as an application is allowed, the Collector shall call upon the applicant to deposit eight annas per acre of the estimated extent of the estate or tenure or part thereof in respect of which the application has been allowed. If the Collector is unable to estimate the

area, he shall require a deposit at the rate of Rs. 2 for each tenant. If the amount does not exceed Rs. 500, the applicant must deposit the whole amount in advance. If it exceeds Rs. 500, the applicant shall deposit the sum of Rs. 500 and shall give such security as the Collector may require for the payment of the balance of the deposit in such instalments as the Collector may from time to time demand.

If the amount deposited as above proves more than sufficient to cover the cost of the proceedings, the unexpended balance will be refunded on their termination.

If the amount deposited proves insufficient to cover the cost, the applicant shall, when required by the Collector, deposit from time to time such further sums as the Collector may think necessary for the completion of the proceedings. If he shall fail to do so, the proceedings may be stopped and the order allowing the application cancelled.

54. In conducting the operations the Revenue officer shall proceed in accordance with the rules for the guidance of officers acting under orders made under section 101.

Birbhum Collectorate, Suri, the 7th May 1903. A. AHMAD, Collector.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Bengal-Nagpur Railway, in the district of Cuttack, will be put up to sale at 12 o'clock on Monday, the 20th July 1903, corresponding to the 5th day of Srabon 1310 at the Court-house of the Collector of Cuttack.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the lands closer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

Seba and Baah roads—Lights intended.

THE British Admiralty has given notice (No. 377 of 1903) that the undermentioned lights will be established at Seba and Baah roads as follows:—

(*a*) SEBA.—A *white fixed* light, elevated 52 feet above high water, and visible in clear weather from a distance of 12 miles from the bearing of S. 7° W., through south and east, to N. 59° E., will be exhibited from an iron framework support, 42 feet high and painted white, erected about 7 yards to the northward of the white beacon at Seba.

The light will be of the 6th order

Approximate position, lat. 10° 29′ S., long. 121° 48′ E.

(*b*) BAAH.—A *white fixed* light, elevated 48 feet above high water, and visible in clear weather from a distance of 12 miles from the bearing S. 29° W., through south, to S. 87° E., will be exhibited from an iron framework support 42 feet high and painted white, erected near the flagstaff at Baah.

The light will be of the 6th order.

Approximate position, lat. 10° 44′ S., long. 123° 2′ E.

(*Variation 2° Easterly in 1903.*)

Further Notice will be given when these lights are established.

Tungsha lights—Replaced by temporary light vessel.

THE British Admiralty has given notice (No. 378 of 1903) that, on 1st April 1903, the Tungsha light vessel, exhibiting a white group flashing light, would be temporarily replaced by a vessel with one mast and yard.

At each yard-arm a *red fixed* light, over a *white fixed* light, elevated 55 and 35 feet, respectively, above the sea, would be exhibited, the red light being visible from a distance of 5 miles, and the white light from a distance of 10 miles.

The lights on one yard-arm may, in some positions of the light vessel, be obscured by the mast.

This vessel will carry a riding light on the forestay and a black ball at the masthead.

When out of position, the above lights will not be exhibited, but a small *red fixed* light will be shown from each end of the vessel; and a red flag will be hoisted above the ball until it is struck.

During thick or foggy weather a gong will be sounded at intervals of *one minute*

Approximate position, lat. 31° 8′ N., long. 122° 0′ E.

Narakal.

WITH reference to Notice to Mariners No. 136, dated the 25th April 1903, issued by this Office, the Presidency Port Officer, Madras, has given further notice (No. 23 of 1903) that the smoothest water will be found in 5½ fathoms L. W. S. T. soft mud on the following bearings magnetic, viz —

Mallipuram flagstaff	...	N. 80° E.
Narakal obelisk ...	...	N. 53° E.
Cochin lighthouse ...	...	S. 45° E

2. Mariners are cautioned that the mud flats off Narakal have extended seaward.

3. Narakal flagstaff having been dismantled and removed, the light, bright, fixed, will in future be exhibited from the Mallipuram flagstaff.

4. In taking up an anchorage due consideration should be given to the state of the weather. The anchorage given is a good one for all weathers, but smoother water will be found still further north. Vessels wishing for a quick despatch may, during fine weather, approach nearer Cochin to enable boats to get to and from Cochin between Vypeen point and the sands, but in this position during a fresh breeze a short sea soon gets up making shipping operation difficult and causing damage to boats.

Wusung bar—New channel over bar—Alteration in lights and buoys.

THE British Admiralty has given notice (No. 301 of 1903) of the existence of a new channel, with a depth of 12¾ feet in it at low-water springs, over the outer Wusung bar.

Also, that in order to mark the new channel, the following alterations have been made in the lights:—

(*a*) The outer bar light-vessel, exhibiting a *red* and a *white fixed* light, has been moved to the southern side of the new channel, or about $1\frac{9}{10}$ cables S. 23° W. from her former position, and from her Wusung light-house now bears S. 80° W., distant 11¼ cables.

(*b*) Wusung light has been altered to show *white fixed*, the red and green sectors being discontinued.

Approximate position, lat. 31° 23′ N., long. 121° 30′ E.

(*c*) The Wusung spit buoy (black and red vertical stripes), about one mile north-eastward from Wusung light, has been withdrawn.

(*d*) The Fort buoy has been moved S. 79° E. $2\frac{9}{10}$ cables, and is now moored in a depth of 16 feet, low-water springs, with Wusung light, bearing S. 80° W., distant $5\frac{9}{10}$ cables. This buoy marks the southern side of the inner entrance to the new channel.

DIRECTIONS.—To obtain the deepest water in crossing the bar from seaward, vessels should pass about half a cable northward of the Outer bar light-vessel and steer S. 82° W. for the Fort buoy.

RECOMMENDATION TO BE MADE BY THE DISTRICT BOARDS OF THE CHOTA NAGPUR DIVISION FOR THE NOMINATION OF A MEMBER TO THE BENGAL LEGISLATIVE COUNCIL.

No. 1194A.D.

RESOLUTION.

APPOINTMENT DEPARTMENT.

Dated Darjeeling, the 1st June 1903.

UNDER Rule II of the Regulations framed for Bengal by the Governor-General in Council, with the sanction of the Secretary of State, under section 1 (4) of the Indian Councils Act, 1892, as amended by Notification No. 2781, dated the 29th November 1899, nomination to seven seats in the Bengal Legislative Council is made by the Lieutenant-Governor on the recommendation of certain bodies and Associations. Those seats are at present held by

the following gentlemen, who were nominated, and whose terms of office expire, on the dates shown:—

Name of member.	By what body or bodies recommended.	Date of nomination.	Date of expiry of office.
1	2	3	4
The Hon'ble Dr. Asutosh Mukhopadhyaya, M.A., D.L., F.R.A.S., F.R.S.E.	The Senate of the Calcutta University.	6th Aug. 1901	5th Aug. 1903.
The Hon'ble Babu Chaturbhooj Sahay.	District Boards, Patna Division.	20th „ „	19th „ „
The Hon'ble Babu Joy Gobind Law, C.I.E.	The Corporation of Calcutta.	27th „ „	26th „ „
The Hon'ble Maharaja Manindra Chandra Nandy, of Cossimbazar.	The British Indian Association.	3rd Dec. „	2nd Dec. „
The Hon'ble Mr. A. A. Apear ...	The Bengal Chamber of Commerce.	29th Mar. 1902	28th Mar. 1904.
„ „ Maulvi Seraj-ul-Islam, Khan Bahadur.	District Boards, Chittagong Division.	29th July „	28th July „
The Hon'ble Rai Tarini Pershad Bahadur.	Municipalities, Bhagalpur Division.	22nd Sept. „	21st Sept. „

Four of the seats will be vacated in the course of the present year, and, in accordance with practice, instructions are now issued prescribing the procedure to be followed for the selection of the gentlemen who are to be recommended to the Lieutenant-Governor for nomination to three of these vacancies. The fourth vacancy, *vice* the Hon'ble Maharaja Manindra Chandra Nandy, of Cossimbazar, who was recommended for nomination by the British Indian Association, will not occur till the 2nd December 1903, and it is premature to take steps for filling up that vacancy.

2. The Senate of the Calcutta University and the Corporation of Calcutta have been invited to submit the names of the gentlemen whom they would respectively recommend for the Council. The selection will be made in accordance with the same procedure as on the previous occasion. A similar request will be addressed to the District Boards of the Chota Nagpur Division, which have been selected for the privilege of recommending a member for the Council to fill the vacancy that will occur on the expiry of the term of office of the Hon'ble Babu Chaturbhooj Sahay.

3. It was stated in paragraph 5 of the Resolution of this Government, dated the 25th March 1893, that the privilege of recommending a person for nomination to the Council would be exercised by the Municipalities and District Boards in each Division according to rotation, and a sketch of the form which the rotation might assume was given. If no change were made in that rotation, it would fall to the District Boards of the Dacca Division to recommend a candidate to fill the seat which will be vacated by the Hon'ble Babu Chaturbhooj Sahay. It was, however, stated in the Resolution that the Lieutenant-Governor could not bind himself or his successors as to the exact order in which the privilege of recommending members for the Council should be exercised. In 1893 District Boards had not been formed in the Chota Nagpur Division, and consequently they did not find a place on the roster then framed. Since their formation in 1900, they have not had a representative in the Council. In these circumstances, and having regard to the fact that legislation in amendment of the Law of Landlord and Tenant in Chota Nagpur is now under the consideration of the Bengal Council, the Lieutenant-Governor has decided to invite the District Boards of Chota Nagpur, instead of those of the Dacca Division, to submit a recommendation on the present occasion. The necessary notification has been published in the *Calcutta Gazette*, specifying the District Boards from which recommendation will be made to the Lieutenant-Governor

for nomination to the seat. Each District Board will elect one representative only, and he will be entitled to exercise all the votes of the body which he represents.

4. The following statement shows the District Boards which will send delegates to vote for a person to be recommended for the vacant seat, and the number of votes assigned to them according to the scale shown in paragraph 5 of the Resolution of this Government, No. 2307A., dated the 31st March 1897.

The ordinary income taken is that for 1901-1902:—

Division.	District Board.	Ordinary income.	Number of votes to be recorded by the representatives.
		Rs.	
Chota Nagpur ...	Hazaribagh ...	75,972	2
	Ranchi ...	68,675	1
	Palamau ...	55,708	1
	Manbhum ...	82,367	2

5. Under rule IV of the Regulations framed by the Governor-General in Council with the approval of the Secretary of State under section 1 (4) of the Indian Councils Act, 1892, for Bengal, the Lieutenant-Governor now desires that the Commissioner of the Chota Nagpur Division will at once address the Chairmen of the District Boards enumerated in the above list, requesting them to convene a special meeting of their Board at which one member of the Board may be selected to represent them for the purpose of making the recommendation for the seat in Council. The name of the representative so selected must be reported at once by the Chairman to the Commissioner of the Division.

6. The period of three months laid down in Rule VII of the Regulations as that within which a recommendation shall be made to the Lieutenant-Governor will run from the date on which the Commissioner of the Division issues his request to the Chairmen of the District Boards.

7. As soon as the representatives have been selected, they will be called upon by the Commissioner of the Division to meet together on an early and convenient date, with special reference to the limit of time imposed by Rule VII of the Regulations, and at such convenient place as he may specify, for the purpose of electing, by a majority of votes, a person whom they will recommend to the Lieutenant-Governor to be nominated as a member of the Council. The names of all candidates put forward at such meeting shall be duly proposed by one of the representatives present. The election shall be by ballot, and the person elected must obtain a majority of the votes of the representatives present. If on the occasion of the first ballot an absolute majority is not obtained, the candidate who gains the least number of votes shall be withdrawn from the election, and another ballot shall then be held for the remaining candidates and so on, until an absolute majority is obtained. In the event of a tie occurring at any stage, candidates shall draw lots.

8. The electoral representatives present at this meeting shall elect one of themselves to be Chairman, and he shall preside and be responsible for the fair and proper exercise of the ballot vote.

9. The Chairman of the meeting shall without delay report to the Commissioner of the Division the name of the person elected with the number of votes obtained and any other information which it may appear desirable to communicate, and on behalf of the meeting shall recommend to the Lieutenant-Governor to nominate for the Council the person so elected. The Commissioner shall submit the report from the Chairman of the meeting with any observations he may wish to add, to the Chief Secretary to Government, by whom the recommendation will be submitted to the Lieutenant-Governor.

10. Attention is drawn to the following Rule VI of the Regulations which have been framed by the Governor-General in Council with the approval of the Secretary of State:—

VI.—It shall be a condition in the case of any person to be recommended by a Municipal Corporation, or group of Municipal Corporations, that he shall be a person resident within the Municipality or the district in which it is situated, or in some one of the Municipalities constituting the group or of the districts in which they are situated. A similar condition shall also apply to persons to be recommended by District Boards.

EXPLANATION.—A person is not "resident" within the meaning of this rule unless he has a place of residence in the locality concerned, and such practical connection with that locality as qualifies him to represent the inhabitants thereof

If at any time the question is raised whether a person proposed for election is "resident" within the meaning of this rule, the question shall be referred to, and decided by, the Local Government, whose decision shall be final.

Under this rule it is not necessary that the person recommended shall be a member of any District Board concerned, but he must be resident within the Division from which the recommendation is made. Subject to this conditon, the rules declare no limit of qualification, and it is left to the representatives to recommend a person under Rule V (*c*) according to the majority of their votes.

11. It is desirable that the subsidiary arrangements now sanctioned shall, as far as possible, be given effect to by the District Boards concerned with the minimum of official interference. The Divisional Commissioner and the Deputy Commissioners will, of course, afford any assistance which may be required, and will do their utmost to facilitate the smooth working of the elections; but Government officers are forbidden to take part, directly or indirectly, in the election by canvassing, influencing votes, or otherwise interfering with the free choice of the District Boards. No indication should be given by any official member of any of the District Boards concerned as to the manner in which he himself intends to vote.

ORDERED that a copy of this Resolution be furnished to the Commissioner of the Chota Nagpur Division for information and guidance, and for communication to the District Boards in his Division.

Ordered also that a copy be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

W. C. MACPHERSON,

Offg. Chief Secy. to the Govt. of Bengal.
